## WELCOME TO THE SALE

On behalf of the entire Archives International Auctions team, I would like to personally welcome you to our twenty-eighth exciting auction we have held over the last eight years. The format will be similar to our August 4th auction which included Live internet bidding, phone bidding and gallery bidding, but we are not producing a printed catalog, only a virtual catalog that can be saved as a PDF or printed out if desired.

We are excited to offer another impressive selection of U.S. & Worldwide Banknotes, Coins, Scripophily, Security Printing Ephemera and hundreds of rare and exciting items that rarely come up for auction. There will be items of interest for every level of collector as well as dealer and specialists.

We are looking forward to another exciting auction and hope you enjoy our current offerings. We are in the middle of getting ready for our fifth annual appearance as the official auctioneer of the Wall Street Coin, Currency, Scripophily & Collectibles Show scheduled October 22nd to 24th with the auction being held October 24th beginning at 10:30 AM. The auction will be held in 2 sessions, the first at the Museum of American Finance located at 48 Wall Street on Saturday, October 24th and the second session, date to be determined, to be held at our offices in Fort Lee, NJ. We are also preparing for the Second section of the Alexander I. Pogrebetsky Family Archives which is sure to attract serious attention from the collecting community scheduled tentatively late November 2015. If you have suitable material, we are still seeking consignments for our upcoming 2015-2016 auctions.

I would like to thank everyone who has participated in our previous auctions and has helped make this auction series a resounding success.

Best of luck,

*Bob Schwartz*

## KEY TO CATALOGING

### DEFINITIONS

**SPECIMEN:** An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

**COLOR TRIAL SPECIMENS:** Sometimes specimens would be printed in numerous color combinations not used on the final note for evaluation before a final printing. These are usually extremely rare.

**PROOF:** An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on india paper mounted on card or printed on some form of paper or light card. The amount of proofs printed is usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

**COLOR TRIAL PROOF:** A proof printed in a color other than the issued color.

**ESSAY SPECIMEN or PROOF:** A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay.

**PRODUCTION MATERIAL:** Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

**MODEL:** A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the "digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of different completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

Description Abbreviations I/C = Issued and Cancelled; I/U = Issued and Uncancelled; POC's = Punched out cancels

- 963 Historic ABNC Archival Letter Discussing Argentina Banknote Printing. Buenos Aires, 13 May 1897. 4 page letter and financial accounting sheet from Samuel B Hale & Co., the business representative for ABNC in Argentina, addressed to T.H.Freeland at ABNC. Interesting letter content that discusses a range of issues with Freeland. Hale thanks Freeland for the "Model Notes" and "Your desire to have Bolivian Bank notes returned...We have shown the notes to Senor Maunco and he expressed himself as being very much satisfied with them....he has sent his report to the board....in favor of ABNC". Hale also discusses the information on the South American Printer "Compania Sud Americana" (which ABNC may have had a financial interest in) and Argentina's contract with them and the amount of counterfeiting required a new issue. He mentions that Mr.Maunco suggested that the denominations include only 1, 5, 10, 50, 100 and 500 Notes. Hale also discusses bonds that are held by ABNC of for investment and their financial interest in "Compania Sud Americana", the banknote printing company. The letter is signed by Hale. Interesting, historic and unique content letter that helps to enlighten the student of Security Printers to the inner day to day workings and financial interests of ABNC, the largest security printer at that time. .... - 964 Historic ABNC Archival Letter Discussing Argentina Banknote Production. Nov. 27, 1896. 2 page file copy letter from "T.H. Freeland" at ABNC in New York written to C.H. Sanford, Esq. in regards to producing banknotes for Argentina. Argentina wanted a completely printed specimen on the final paper to be used and ABNC suggested that it would be impractical since the note sizes and designs were not approved and that they suggest that proofs or models be sent first with samples of the paper to be used instead. It was also suggested by Sanford to ABNC that they should consider using the British type of paper and printing which Freeland, from ABNC, explained was very easy to counterfeit and that the paper used on English notes would not last as long as the higher quality hard finished linen fiber paper ABNC used on their notes. Signed by Freeland as Secretary and Manager. Rare and historic content letter from ABNC archival correspondence file. ABNC.....Est. \$200-400

965

- 965 Historic ABNC Archival Letter Discussing Secret Argentina Banknote Printing. Buenos Aires, 23 Sept 1897. 3 page letter and financial accounting sheet from Samuel B Hale & Co., the business representative for ABNC in Argentina, addressed to T.H. Freeland at ABNC. Another interesting letter with content that discusses a range of issues with Freeland. The major highlight of this letter includes secret information about the Argentine Director of the Mint's visit to Europe to have plates made for a new banknote issue and buy paper so that Argentina can print their own money rather than use an outside printer such as ABNC. Hale feels that they will be unsatisfied with the printing result and realize that their estimate of cost was too low. Argentina is also unhappy with Compania Sud Americana de Billetes quality of work and that many impressions had to be destroyed which may also have effected their decision to print their own banknotes. He ends the letter with the state of their South American investments in bonds, stocks and cash. Another rare inside look at ABNC in South America. ABNC.....Est. \$250-500

Buenos Aires, 10 June 1897. 3 page letter and financial accounting sheet from Samuel B Hale & Co., the business representative for ABNC in Argentina, addressed to T.H. Freeland at ABNC. Another interesting letter with content that discusses a range of issues with Freeland. Hale discusses the status of Bolivian Stamp Paper and that he is writing to the president of the Banco De Bolivia to help deliver large stamp orders to the Bolivian Government in small batches that they would pay for in smaller amounts rather than have the stamps delivered all at once and be owe ABNC a considerable sum that may not be paid in a timely manner. Hale also discusses information on Banco Nacional Uruguay's banknote interests, Argentina's new emission discussions and that they have not made up their minds yet on the new banknote issue with the letter ending with an accounting and breakdown of ABNC's financial interests in Argentina and South America. Rare and interesting letter dealing with day to day business operations of ABNC.....Est. \$250-500

## CONDITIONS OF SALE

### THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

#### BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
2. (a) Bids shall be made in the steps set forth in paragraph 12.  
(b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 18% on the hammer price is payable by the buyer to the auctioneer.
3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.  
(b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.  
(c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.  
(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.  
(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

#### PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale 8), shall be as follows:  
(a) Floor Bidders. Payment of the purchase price, or such part thereof as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.  
(b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
5. Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.  
(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.  
(c) A defaulting purchaser shall be deemed to have granted Archives International Auctions a security interest in property in Archives International Auctions possession owned by such purchaser. Archives International Auctions shall have all of the rights afforded a purchase money secured party under the New York or New Jersey Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Archives International Auctions to such purchaser. Archives International Auctions is authorized to file a Financing Statement in order to perfect its rights as a secured party.  
(d) If Archives International Auctions takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Archives International Auctions to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Archives International Auctions with its attorneys with respect to all matters arising out of a delinquent account.  
(e) Unless otherwise acceptable to Archives International Auctions, payment is to be made only in the form of cash, bank check or certified check, credit card (Visa or MasterCard only) or a bank wire transfer.

#### EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) On Premises Inspection only. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Archives International Auctions discretion.  
(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.  
(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Archives International Auctions within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Archives International Auctions within four weeks of the date of the auction; however, Archives International Auctions may, in its discretion, refuse acceptance of such returned lot. If an opinion of a generally recognized authority is desired, the period of time within which a lot must be received by Archives International Auctions will be extended in accordance with Condition of Sale 8. In the event that a dispute cannot be resolved by reference to a generally recognized authority, and Archives International Auctions thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned in-

tact in the condition received by the purchaser. The following lots are not returnable except at the discretion of Archives International Auctions: (i) lots from purchasers who attended the exhibition of the lots; (ii) lots examined by postal viewers; (iii) lots on account of their appearance, if they are illustrated in this Catalogue; or (iv) lots described as having repairs, defects or faults for any reason.

- (d) Authenticity. Any lot which is declared otherwise than genuine by a generally recognized authority is returnable, provided such lot is received by Archives International Auctions within four weeks of the date of the auction. Proof that a generally recognized authority declines to express an opinion is normally grounds for the return of a lot.

- (e) Expenses incurred a purchaser in the submission and the return of a lot under Conditions of Sale 7 are not subject to refund.

#### SALES TAX

8. Unless presentation of satisfactory proof that it is exempted by law, a purchaser shall pay to Archives International Auctions New Jersey or New York State and local sales taxes, or any compensating use taxes of any other State claiming jurisdiction. A purchaser shall indemnify Archives International Auctions and hold it harmless of and from any claims of any jurisdiction for sales taxes relating to the purchase of articles at the auction, whenever the same may arise.
