U.S. & Worldwide Banknotes, Scripophily, Historic and Security Printing Ephemera featuring Additional Selections from THE SILVERTON COLLECTION of Colorado & Western Mining Stocks & Bonds

## INTRODUCTION TO THE SALE

---

### FOREWORD

On behalf of the entire Archives International Auctions team, it is my pleasure to welcome you to our 114th auction, presented in two sessions on Tuesday, June 23rd, 2026. This 406-lot sale spans U.S. and worldwide banknotes, scripophily, historic and security printing ephemera, checks, drafts and exchanges, and additional selections from the Silverton Collection of Colorado and Western Mining Stocks and Bonds. As with all of our sales, a significant number of lots appear at public auction for the first time, drawn from long-held private collections and estates.

The foreign banknote section offers broad international coverage, with particular depth in German issues — pre-Weimar remainders, Notgeld, Weimar Republic Reichsbanknotes, and post-WWII material — alongside extensive Cuban specimen sets, Dominican Republic specimens, large Greek ABNC-printed accumulations, and notable Hawaiian Republic bond coupons (Lots 129–130). Highlights include a rare 1908 Banco Central Mexicano 1000 Peso “Bono de Caja” Specimen graded PMG Gem Uncirculated 65 EPQ (Lot 135, Est. \$1,200) and a 1945 Central Bank of China Color Trial Front Specimen, also PMG Gem Uncirculated 65 EPQ (Lot 45, Est. \$650).

U.S. currency presents National Bank Notes from California, Maryland, New York, and Virginia, along with extensive Small Type accumulations spanning Legal Tender, Federal Reserve, and Silver Certificate series. The checks, drafts and exchanges section is a standout, led by a spectacular ca. 1853–1858 Mississippi Mutual Insurance Company three-note uncut proof sheet — a genuine rarity rated R7 in intact form (Lot 159, Est. \$1,200) — supported by antebellum Mississippi proof drafts from the Bank of Mississippi, the Lake Washington and Deer Creek Rail Road and Banking Company, and others. Six signed Poyaisian Land Grants from 1834, each personally signed by Sir Gregor MacGregor — the Scottish adventurer behind one of history’s most brazen confidence schemes — rank among the most historically compelling pieces in the sale (Lots 196–201).

The scripophily section opens with three highlights from the Robert Kluge Collection: a 1917 stock certificate signed twice by Thomas Edison, once as president on the face and again on the reverse (Lot 230, Est. \$2,000); an 1848 Hudson and Berkshire Rail-Road bond signed by President Millard Fillmore as Comptroller (Lot 231, Est. \$800); and an 1795 Philadelphia and Lancaster Turnpike Road certificate signed by William Bingham (Lot 232, Est. \$375). The railroads section is anchored by the sale’s top lot — an 1872 Wallkill Valley Railway Company \$1,000 7% Mortgage Coupon Bond (Lot 387, Est. \$6,500) — accompanied by four 1872 New Jersey Southern Rail Road Income Bonds (Lots 376–379, each Est. \$1,000) and a rich offering of specimen bonds from major American railroads. The mining section presents over 65 Colorado gold mining certificates, most from the Cripple Creek district, with broad Western accumulations spanning Arizona, California, Nevada, and the Mountain States. Additional scripophily highlights include a rare 1920 Territory of Hawaii Specimen Public Improvement Bond — the first example seen by the cataloger (Lot 398, Est. \$2,000) — Goldman Sachs IPO specimen stock certificates (Lots 244–245, Est. \$375 each), and an 1885 Edison Electric Illuminating Company of New Brunswick stock certificate (Lot 405, Est. \$375).

Our 115th auction is currently in planning and will feature additional offerings of banknotes, scripophily, coins, ephemera, and historic bonds and fiscal documents. We are actively accepting consignments for our upcoming sales.

We sincerely thank you for your continued interest and support. We hope this sale brings both enjoyment and meaningful additions to your collection.

Best of luck,

*Bob Schwartz*

## KEY TO CATALOGING

### DEFINITIONS

**SPECIMEN:** An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

**COLOR TRIAL SPECIMENS:** Sometimes specimens would be printed in numerous color combinations not used on the final note for evaluation before a final printing. These are usually extremely rare.

**PROOF:** An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on india paper mounted on card or printed on some form of paper or light card. The amount of proofs printed is usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

**COLOR TRIAL PROOF:** A proof printed in a color other than the issued color.

**ESSAY SPECIMEN or PROOF:** A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay.

**PRODUCTION MATERIAL:** Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

**MODEL:** A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the "digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of different completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

Description Abbreviations I/C = Issued and Cancelled; I/U = Issued and Uncanceled; POC's = Punched out cancels

**196 Honduras. Poyaisian Land Grant, 1834, Class B Grant for 500 Acres, I/U Signed by Sir Gregor MacGregor.** Mosquito Territory (Honduras), 1834. 500 Acres, I/U, Class B Poyaisian Land Grant, S/N 655 signed by Gregor MacGregor. Black text in English and French, with elaborate coat of arms depicted at top center, featuring English and Scottish flags, faint watermarks at top. VF to XF condition with some toning, splitting, and holes along fold lines. General Gregor MacGregor (24 December 1786 to 4 December 1845) was a Scottish soldier, adventurer, and confidence trickster who attempted from 1821 to 1837 to draw British and French investors and settlers to "Poyais", a fictional Central American territory that he claimed to rule as "Cazique". Hundreds invested their savings in supposed Poyaisian government bonds and land certificates, while about 250 emigrated to MacGregor's invented country in 1822-23 to find only an untouched jungle; more than half of them died. MacGregor's Poyais scheme has been called one of the most brazen confidence tricks in history. He devised a tricameral parliament and other convoluted constitutional arrangements for Poyais, drew up commercial and banking mechanisms, and designed distinctive uniforms for each regiment of the Poyaisian Army. His imaginary country had an honours system, landed titles, as well as a coat of arms. A French court tried MacGregor and three others for fraud in 1826 after he attempted a variation on the scheme there, but convicted only one of his associates. Acquitted, MacGregor attempted lesser Poyais schemes in London over the next decade. In 1838, he moved to Venezuela, where he was welcomed back as a hero. He died in Caracas in 1845, aged 58, and was buried with full military honors in Caracas Cathedral. Fascinating piece of history from a famous con man..... Est. \$230-350

# THE BOB KLUGE COLLECTION of American Stocks and Bonds

## SIX DECADES OF PASSIONATE COLLECTING, EXHIBITING, AND SCHOLARSHIP

Bob Kluge has been a passionate collector of stock and bond certificates since the mid-1960s. By 1979, while employed at East River Savings Bank in New York City, he was already displaying portions of his growing collection in prominent venues — including the World Trade Center and Rockefeller Center — generating widespread public attention and a feature interview in the Wall Street Journal. That same year, Bob joined the International Bond and Share Society (founded in London in 1978), later serving two terms as President of its American Branch.

In 1980, he launched his business under the name “American Vignettes,” going on to exhibit at up to ten collectible shows annually across nearly as many states, build a substantial mail-order following, and open antique mall locations including “Historical Connections” in Lewisburg, Pennsylvania. A Bucknell University alumnus, he also mounted a noted exhibit at his alma mater’s library.

In 2011, Bob appeared on the PBS series History Detectives, bringing scripophily to a nationwide audience. His decades of collecting, exhibiting, and dealing make him one of the hobby’s most knowledgeable and dedicated practitioners.

## CONDITIONS OF SALE

### THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

#### BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
2. (a) Bids shall be made in the steps set forth in paragraph 12.  
(b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20%\* on the hammer price is payable by the buyer to the auctioneer (\*See exceptions on next page for bids on internet).
3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.  
(b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.  
(c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.  
(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.  
(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

#### PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale 8), shall be as follows:
  - (a) Floor Bidders. Payment of the purchase price, or such part thereof as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.
  - (b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
5. Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.  
(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.  
(c) A defaulting purchaser shall be deemed to have granted Archives International Auctions a security interest in property in Archives International Auctions possession owned by such purchaser. Archives International Auctions shall have all of the rights afforded a purchase money secured party under the New York or New Jersey Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Archives International Auctions to such purchaser. Archives International Auctions is authorized to file a Financing Statement in order to perfect its rights as a secured party.  
(d) If Archives International Auctions takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Archives International Auctions to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Archives International Auctions with its attorneys with respect to all matters arising out of a delinquent account.  
(e) Unless otherwise acceptable to Archives International Auctions, payment is to be made only in the form of cash, bank check or certified check, credit card (Visa or MasterCard only) or a bank wire transfer.

Any lot which a purchaser considers to be incorrectly described may be returned to Archives International Auctions within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Archives International Auctions within four weeks of the date of the auction; however, Archives International Auctions may, in its discretion, refuse acceptance of such returned lot. If an opinion of a generally recognized authority is desired, the period of time within which a lot must be received by Archives International Auctions will be extended in accordance with Condition of Sale 8. In the event that a dispute cannot be resolved by reference to a generally recognized authority, and Archives International Auctions thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages.
