INTRODUCTION TO THE SALE

FOREWORD

On behalf of the entire Archives International Auctions team, it is my pleasure to welcome you to our 115th auction, presented in two sessions on July 28th, 2026. This 585-lot sale spans U.S. and worldwide banknotes, U.S. and world coins, scripophily, historic and security printing ephemera, checks, drafts and exchanges, and postal history, with a substantial group of Mississippi antebellum banknotes, bills of exchange, and fiscal documents drawn from an old-time collection assembled nearly 40 years ago and largely unseen at auction in decades. As always, a significant number of lots appear at public auction for the first time.

The foreign banknote section is anchored by strong depth in China, from Central Bank of China color trial and essay specimens to a Bank of the Northwest 1925 issued note that stands as the only graded example in the PMG census (Lot 45). Other highlights include a Jordan 1949 5 Dinars PMG About Uncirculated 50 (Lot 121, Est. \$1,750), Saudi Arabia Haj pilgrim receipts from the early Monetary Agency issues (Lots 155–157), and the Bank of Canada's 1935 "English Text" specimen trio in Gem to Superb Gem grades (Lots 14–16). A rare and historically loaded piece is the 1856 William Walker military script note from Nicaragua, hand-signed by Walker as self-declared President during his filibuster regime (Lot 144, Est. \$8,500).

U.S. coins are led by an early Flowing Hair Silver Dollar of 1795 (Lot 194, Est. \$5,000) and a 1799 Draped Bust Dollar (Lot 195, Est. \$4,500), alongside a key-date 1889-CC Morgan Dollar in NGC AU 50 (Lot 209, Est. \$7,000). On the federal fiscal side, a 1912 Postal Savings Coupon Bond specimen carries provenance to the John E. Herzog and Dr. Joseph Vacca collections (Lot 315, Est. \$4,000).

The checks, drafts and exchanges section is exceptionally deep this sale, with large groupings of Western territorial and frontier banking material from Montana, Colorado, and Nevada, complemented by the aforementioned Mississippi antebellum consignment — proof stock certificates, bank drafts, uncut proof sheets, and fiscal documents from Natchez, Vicksburg, Grenada, and other antebellum institutions, including a rare uncut sheet of four Commercial Bank of Rodney notes (Lot 303, Est. \$1,700, first time seen by the cataloger) and an uncut Mississippi Mutual Insurance Co. trio (Lot 304, Est. \$800).

Scripophily highlights include a strong run of notable-autograph certificates: J.P. Morgan (Lot 514), Milton Hershey (Lot 518), Russell Sage (Lot 516), William K. Vanderbilt (Lot 513), Collis P. Huntington (Lot 515), and Melvil Dewey of Dewey Decimal fame (Lot 517), alongside Civil War figures Benjamin Franklin Butler (Lot 512) and Confederate general William Mahone (Lot 519). Continuing a theme from recent sales, six more Poyaisian Land Grants signed by Sir Gregor MacGregor appear in this offering (Lots 361–366), and the Mexican "Bono de Caja" specimen bonds return as well, led by a pair of Banco Español Refaccionario specimens (Lots 138–139, Est. \$900 and \$1,100).

Our next auction is currently in planning and will feature additional offerings of banknotes, scripophily, coins, ephemera, and historic bonds and fiscal documents. We are actively accepting consignments for our upcoming sales.

We sincerely thank you for your continued interest and support. We hope this sale brings both enjoyment and meaningful additions to your collection.

Best of luck,

Bob Schwartz

KEY TO CATALOGING

DEFINITIONS

SPECIMEN: An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

COLOR TRIAL SPECIMENS: Sometimes specimens would be printed in numerous color combinations not used on the final note for evaluation before a final printing. These are usually extremely rare.

PROOF: An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on india paper mounted on card or printed on some form of paper or light card. The amount of proofs printed is usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

COLOR TRIAL PROOF: A proof printed in a color other than the issued color.

ESSAY SPECIMEN or PROOF: A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay.

PRODUCTION MATERIAL: Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

MODEL: A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the "digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of different completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

Czechoslovakia and Austria, 1849. 6 Kreuzer Issued Bank note, Black print with text at center and allegorical women at bottom, blue print on back, AU to Uncirculated condition. This 1849 private scrip note, valued at 6 Kreuzer, was issued by the firm Adam Helwig Sohn in Gabel (now Jablonné v Podještědí, Czech Republic) during the Austrian Empire's post-1848 economic crisis. When a shortage of official small change paralyzed local commerce, merchants printed private emergency currency to facilitate daily trade. Designed with ornate borders to deter counterfeiting, the note outlines a specific redemption system: collecting ten of these 6-Kreuzer pieces allowed the bearer to exchange them for one official 1-Gulden state banknote, serving as a vital bridge for regional transaction stability. - 144 Nicaragua. William Walker Military Script, 1856, \$50 Banknote** Granada, Nicaragua. 31 day October 1856. Republic of Nicaragua, Military Script, \$50, Pick# S132, Issued in Granada, made payable to E. S. Hardy for "Military Services rendered to the State", hand signed by William Walker as President of the Republic and also signed by the Minister of Hacienda. Printed on thin paper by El Nicaraguense Print, printed in black, with ornate side borders and bold title "FIFTY DOLLARS". This example, serial number 1782, is PMG graded Very Fine 30 with notation of "Tears, Foreign Substance". The signatures, design elements, and embossing remain bold and distinct. This rare fiscal note is directly tied to one of the most turbulent episodes in Central American history. William Walker, an American physician, lawyer, and adventurer from Tennessee, launched a series of "filibustering" expeditions in Latin America during the 1850s. After failed attempts in Mexico, he turned to Nicaragua, where he exploited a civil conflict to seize power in 1856. Declaring himself President of Nicaragua, Walker sought to Americanize the country's institutions, reinstated slavery (abolished years earlier), and attracted settlers and mercenaries from the United States. His regime provoked alarm among surrounding countries and was driven out within a year by a coalition of Central American states, and was executed in Honduras in 1860 after a later expedition failed. Notes of this issue are seldom encountered, and Walker's signed notes and documents are highly prized for their direct connection to the Central America filibuster era and to one of the most controversial figures of 19th-century Central American history. Est. \$10000-15000

EPHEMERA - HISTORIC SCANDALS & SCAMS MOSQUITO TERRITORY (HONDURAS),

361

- 361 Honduras. Poyaisian Land Grant, 1834, Class K Grant for 20 Acres, I/U Signed by Sir Gregor MacGregor.** Mosquito Territory (Honduras), 1834. 20 Acres, I/U, Class K Poyaisian Land Grant, S/N 313, signed by Gregor MacGregor. Black text in English and French, with elaborate coat of arms depicted at top center, featuring English and Scottish flags, faint watermarks at top. VF to XF condition with some toning, splitting, and holes along fold lines. General Gregor MacGregor (24 December 1786 to 4 December 1845) was a Scottish soldier, adventurer, and confidence trickster who attempted from 1821 to 1837 to draw British and French investors and settlers to "Poyais", a fictional Central American territory that he claimed to rule as "Cazique". Hundreds invested their savings in supposed Poyaisian government bonds and land certificates, while about 250 emigrated to MacGregor's invented country in 1822-23 to find only an untouched jungle; more than half of them died. MacGregor's Poyais scheme has been called one of the most brazen confidence tricks in history. He devised a tricameral parliament and other convoluted constitutional arrangements for Poyais, drew up commercial and banking mechanisms, and designed distinctive uniforms for each regiment of the Poyaisian Army. His imaginary country had an honours system, landed titles, as well as a coat of arms. A French court tried MacGregor and three others for fraud in 1826 after he attempted a variation on the scheme there, but convicted only one of his associates. Acquitted, MacGregor attempted lesser Poyais schemes in London over the next decade. In 1838, he moved to Venezuela, where he was welcomed back as a hero. He died in Caracas in 1845, aged 58, and was buried with full military honors in Caracas Cathedral. Fascinating piece of history from a famous con man..... Est. \$400-600

- 366 Honduras. Poyaisian Land Grant, 1834, Class B Grant for 500 Acres, I/U Signed by Sir Gregor MacGregor.** Mosquito Territory (Honduras), 1834. 500 Acres, I/U, Class B Poyaisian Land Grant, S/N 1900 signed by Gregor MacGregor. Black text in English and French, with elaborate coat of arms depicted at top center, featuring English and Scottish flags, faint watermarks at top. VF to XF condition with some toning, splitting, and holes along fold lines. General Gregor MacGregor (24 December 1786 to 4 December 1845) was a Scottish soldier, adventurer, and confidence trickster who attempted from 1821 to 1837 to draw British and French investors and settlers to "Poyais", a fictional Central American territory that he claimed to rule as "Cazique". Hundreds invested their savings in supposed Poyaisian government bonds and land certificates, while about 250 emigrated to MacGregor's invented country in 1822-23 to find only an untouched jungle; more than half of them died. MacGregor's Poyais scheme has been called one of the most brazen confidence tricks in history. He devised a tricameral parliament and other convoluted constitutional arrangements for Poyais, drew up commercial and banking mechanisms, and designed distinctive uniforms for each regiment of the Poyaisian Army. His imaginary country had an honours system, landed titles, as well as a coat of arms. A French court tried MacGregor and three others for fraud in 1826 after he attempted a variation on the scheme there, but convicted only one of his associates. Acquitted, MacGregor attempted lesser Poyais schemes in London over the next decade. In 1838, he moved to Venezuela, where he was welcomed back as a hero. He died in Caracas in 1845, aged 58, and was buried with full military honors in Caracas Cathedral. Fascinating piece of history from a famous con man..... Est. \$500-800

- 423 France. Compagnie de Colonization Américaine, 1820, I/U Bond 100 Acres in Kentucky or Virginia.** France, 1820. Francs 1300 = 100 Acres in Kentucky or Virginia. Large-format engraved share certificate issued by Compagnie de Colonization Américaine, representing 100 acres of land in the States of Virginia and Kentucky, with a stated value of 1,300 francs. The certificate is printed in French and is issued to a named holder, with extensive printed terms describing the company's land colonization and settlement program in the United States. The document retains full original attached dividend coupons along both margins, each coupon individually numbered and payable at the company's office in Paris, with dates printed in the 1830s to 1840s. Ornate engraved border and calligraphic title, with manuscript serial number and signatures at bottom. Condition is Choice Fine to VF condition. An impressive and visually striking example of 19th-century European investment in American land development. Issued bond from an early French private colonization enterprise formed during the Bourbon Restoration, immediately following the Napoleonic Wars. The company was organized to finance and promote French emigration, land acquisition, and agricultural settlement in North America, reflecting renewed transatlantic investment ambitions after France's loss of formal colonial control. Capital was raised through bonds and shares tied to anticipated land development, settlement revenues, and trade, rather than direct state sponsorship. Like many early 19th-century colonization ventures, the enterprise faced practical and financial obstacles, including over-optimistic projections and logistical difficulties, resulting in a relatively short operational life. Issued bonds are notably scarcer than promotional material or unissued examples, as many were redeemed, cancelled, or discarded following restructuring or failure. This piece stands as a tangible record of early international land speculation and the transition from imperial colonization to privately financed overseas development during the formative period of modern global capital markets. - 506 TX. NY., Grand Belt Copper Co. 1885 I/U Stock Certificate With Company Established by Civil War General George McClellan. Texas and New York, 1885. 100 Shares I/U Capital Stock Certificate, S/N 799, Black text with brown border, Eagle with shield at center flanked by plowing and mining scenes. VF condition but cut close on left, ABNC. George B. McClellan, former commander of the Army of the Potomac, took up mining after the Civil War. He noticed copper deposits in northwest Texas while on an expedition in 1852. He formed the Grand Belt Copper Company in 1877 based on a geologic report and eyewitness accounts of plentiful copper deposits. The company purchased 200,000 acres in Hardeman County for 25 cents per acre. After a three-year suspension in operations while McClellan served as governor of New Jersey, mining resumed in 1884. He and his employees found ore mainly near the surface. They collected it from a broad area, including multiple sites within the present-day park. Up to 100 employees worked the steam-powered machinery and rock-crushing equipment. A nearby shantytown of saloons, brothels and other frontier businesses soon appeared. Major obstacles blocked McClellan's dream of riches, including fuel and water shortages, transportation issues, and unfortunately his death in 1885. The company continued limited operations for three more years before closing. Est. \$130-260

CONDITIONS OF SALE

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
2. (a) Bids shall be made in the steps set forth in paragraph 12.
(b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20%* on the hammer price is payable by the buyer to the auctioneer (*See exceptions on next page for bids on internet).
3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.
(b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.
(c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.
(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.
(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale 8), shall be as follows:
 - (a) Floor Bidders. Payment of the purchase price, or such part thereof as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.
 - (b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
5. Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.
(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.
(c) A defaulting purchaser shall be deemed to have granted Archives International Auctions a security interest in property in Archives International Auctions possession owned by such purchaser. Archives International Auctions shall have all of the rights afforded a purchase money secured party under the New York or New Jersey Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Archives International Auctions to such purchaser. Archives International Auctions is authorized to file a Financing Statement in order to perfect its rights as a secured party.
(d) If Archives International Auctions takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Archives International Auctions to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Archives International Auctions with its attorneys with respect to all matters arising out of a delinquent account.
(e) Unless otherwise acceptable to Archives International Auctions, payment is to be made only in the form of cash, bank check or certified check, credit card (Visa or MasterCard only) or a bank wire transfer.

EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) On Premises Inspection only. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Archives International Auctions discretion.
(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.
(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Archives International Auctions within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Archives International Auctions within four weeks of the date of the auction; however, Archives International Auctions may, in its discretion, refuse acceptance of such returned lot. If an opinion of a generally recognized authority is desired, the period of time within which a lot must be received by Archives International Auctions will be extended in accordance with Condition of Sale 8. In the event that a dispute cannot be resolved by reference to a generally recognized authority, and Archives International Auctions thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned in-

The following lots are not returnable except at the discretion of Archives International Auctions: (i) lots from purchasers who attended the exhibition of the lots; (ii) lots examined by postal viewers; (iii) lots on account of their appearance, if they are illustrated in this Catalogue; or (iv) lots described as having repairs, defects or faults for any reason.

- (d) Authenticity. Any lot which is declared otherwise than genuine by a generally recognized authority is returnable, provided such lot is received by Archives International Auctions within four weeks of the date of the auction. Proof that a generally recognized authority declines to express an opinion is normally grounds for the return of a lot.

- (e) Expenses incurred a purchaser in the submission and the return of a lot under Conditions of Sale 7 are not subject to refund.

SALES TAX

8. Unless presentation of satisfactory proof that it is exempted by law, a purchaser shall pay to Archives International Auctions New Jersey or New York State and local sales taxes, or any compensating use taxes of any other State claiming jurisdiction. A purchaser shall indemnify Archives International Auctions and hold it harmless of and from any claims of any jurisdiction for sales taxes relating to the purchase of articles at the auction, whenever the same may arise.
