KEY TO CATALOGING

DEFINITIONS

SPECIMEN: An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

COLOR TRIAL SPECIMENS: Sometimes specimens would be printed in numerous color combinations not used on the final note for evaluation before a final printing. These are usually extremely rare.

PROOF: An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on india paper mounted on card or printed on some form of paper or light card. The amount of proofs printed is usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

COLOR TRIAL PROOF: A proof printed in a color other than the issued color.

ESSAY SPECIMEN or PROOF: A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay.

PRODUCTION MATERIAL: Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

MODEL: A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the "digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of different completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

He was ordained an apostle by his father in 1855, when he was eleven. He was called as First Counselor to his father in October, 1876 until the First Presidency was dissolved by Brigham Young's death less than a year later in 1877. Young practiced polygamy and had 4 wives. He was arrested in Denver from a complaint of his 3rd wife from Philadelphia when he took a 4th wife in 1878. Young's business practices and practice of living in New York City soon brought him into conflict with other church authorities. In 1888, Joseph F. Smith accused Young of unethically using church funds to maintain a lavish lifestyle. He resigned from the position of counselor to the Quorum of the Twelve Apostles in 1891. Rulon S. U.S. FEDERAL BONDS & DOCUMENTS
WASHINGTON, D.C.

- 106 War of 1812 Capital Funded Stock Receipt Remainder, Receipt for Loan of 1813, Hessler X-71.** Washington, D.C., issued March 1813. Six Percent Certificate of Annuity. This remainder was bound into a book which contained a group of Letters (Reports) from the Secretary of the Navy with accounting of the Navy Department during the years of 1814-1815. Printers of the documents from "Washington City" are Roger Chew Weightman and A. & G. Way. Documents contain various expenditures during the period and to whom they were made. It is postulated by your cataloguer with paper being so expensive at that period of history, printers and book binders used what they could to bolster the bindings of reports and books. Without that practice this document would have been lost to history. The Receipt Remainder while in portions is in need of archival restoration. Nonetheless, this is a significant fiscal document from the formative years of our nation's history. The bond was issued by Act of February 8, 1813 and is listed on pages 88 & 89, as an (R-8) in the Hessler Guide. The Receipt like bond displays the "Great Seal with Ram's head above, safety numerals on the indented border. As an (R-8) which designates only 1-3 specimens remain, this may be your only chance of a representative example of this issue! The War Finance Corporation was a government corporation in the U.S. created to give financial support to industries and banking institutions essential for World War I. The corporation was created by a Congressional act of April 5, 1918, and abolished on July 1, 1939. Since government borrowing to pay for the war had attracted a majority of private capital, little capital was available for corporations to borrow; the War Finance Corporation was designed to make such capital available. After the armistice in late 1918, the Corporation assisted in the transition to peacetime by financing railroads under government control, and making loans to American exporters and agricultural cooperative marketing associations. - 116 Little Miami Rail Road Co., 1854 Share Certificate Signed by Daniel Drew. Cincinnati, OH. 1854. 210 Shares. Issued to Daniel Drew and signed by him on the on the transfer below. Daniel Drew was Commodore Vanderbilt's nemesis. He fought the Commodore for control of steamship lines and railroads using every trick in the book. In 1844 he opened the Wall Street brokerage firm of Drew, Robinson, and Company, which became one of the principal traders in railroad stocks in the United States. Drew's association with Jay Gould, Jim Fisk, and the Erie Railroad began in 1853, just one year before he acquired these shares. The Little Miami Rail Road merged with the Columbus and Xenia Railroad to create the first through rail route from the important manufacturing city of Cincinnati to the state capital, Columbus, and Drew almost certainly would have anticipated the merger. Elmira flourmills were extremely busy in 1865. Besides the amount needed for meals, Commissary Sappington was required, as he put it, to keep in excess "about 50,000 pounds of hard bread on hand while the Prisoners were held here in case of any accident to the bake ovens." Odd Pounds Unissued Bond, Black print on large sized certificate printed on blue paper, Image of Knights of Jerusalem at top, VF-XF condition. The Order of Knights of the Hospital of Saint John of Jerusalem was a medieval and early modern Catholic military order. It was headquartered in the Kingdom of Jerusalem, on the island of Rhodes, in Malta and St Petersburg. After the conquest of Jerusalem in 1099 during the First Crusade, the organization became a religious and military order under its own Papal charter, charged with the care and defense of the Holy Land. Following the conquest of the Holy Land by Islamic forces, the knights operated from Rhodes, over which they were sovereign, and later from Malta, where they administered a vassal state under the Spanish viceroy of Sicily. The Hospitallers were the smallest group to colonise parts of the Americas; at one point in the mid-17th century, they acquired four Caribbean islands, which they turned over to the French in the 1660s. - 876 Poyaisian Land Grant, 1834 Certificate for 30 Acres (Of Jungle). The Mosquito Coast.... (Now the Atlantic Coast of Nicaragua). Issued certificate for 30 acres of land. VF condition, Signed by MacGregor at bottom, VF condition. Mac Gregor was a Scottish mercenary with Simon Bolivar in the Venezuelan fight for independence from Spain, around 1820; he was appointed a general. After expelling the Spanish from the 'Mosquito Coast' area, he arranged a land grant from the leader of the local people (the Mosquito, today Miskito, Indians). In 1823 he was the self-proclaimed Cazique of Poyais, and visited Britain to encourage Scottish emigration to what he described as a thriving population who had found their fortune on the streets of St Joseph and in the gold mines of the balmy country that surrounded it. One Scot swapped his sterling for Poyaisian dollars, bought some bonds in the country and boarded ship in Leith with a promise that he was to become the director of the St Joseph Opera House. However, when the emigrants arrived they found that there was no St Joseph at all; no opera house, no gold mines, no thriving population (apart from some deeply suspicious Miskito Indians - after whom, rather than the insects, the Mosquito Coast is named) and no habitable European settlement. They had in fact invested their savings in tracts of jungle impossibly far from the nearest source of provisions and impregnated with the tropical diseases so fatal to European constitutions. Gregor MacGregor sold similar worthless certificates and other Poyaisian material in both Britain and France during the 1820s and 1830s. Despite the clearly fraudulent nature of his promises, Mac Gregor was never convicted of any crime - although he served a short jail term in France awaiting a trial that never came about - and eventually retired to Venezuela where he wrote his autobiography. The period of economic difficulty and austerity in the first decade of Israeli independence led to frequent disruption in construction due to lack of funds, and the project was sometimes disparagingly called Hirbet HaUma, the National Ruin. LOUISIANA

ABNC. Murphy James Foster (1849-1921) was a Louisiana politician who served two terms as the 31st Governor of Louisiana from 1892 to 1900. Foster adopted the Louisiana Constitution of 1898, which effectively disfranchised the black majority, who comprised most of the Republicans, thus leading to Louisiana's becoming essentially a one-party (Democratic) state for several generations and excluding African Americans from the political system. Louisiana followed Mississippi (1890) in adopting a new constitution with devices to disfranchise blacks, chiefly by making voter registration more difficult. This situation of discriminatory political exclusion was not corrected until after enforcement of constitutional rights by the federal government under the Voting Rights Act of 1965. Sounds familiar. CONDITIONS OF SALE

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
 2. (a) Bids shall be made in the steps set forth in paragraph 12.
(b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20%* on the hammer price is payable by the buyer to the auctioneer (*See exceptions on next page for bids on internet).
 3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.
(b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.
(c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.
(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.
(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.
6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.
(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.
(c) A defaulting purchaser shall be deemed to have granted Archives International Auctions a security interest in property in Archives International Auctions possession owned by such purchaser. Archives International Auctions shall have all of the rights afforded a purchase money secured party under the New York or New Jersey Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Archives International Auctions to such purchaser. Archives International Auctions is authorized to file a Financing Statement in order to perfect its rights as a secured party.
(d) If Archives International Auctions takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Archives International Auctions to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Archives International Auctions with its attorneys with respect to all matters arising out of a delinquent account.
(e) Unless otherwise acceptable to Archives International Auctions, payment is to be made only in the form of cash, bank check or certified check, credit card (Visa or MasterCard only) or a bank wire transfer.

PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale 8), shall be as follows:
 - (a) Floor Bidders. Payment of the purchase price, or such part thereof as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.
 - (b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
5. Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) On Premises Inspection only. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Archives International Auctions discretion.
(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.
(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Archives International Auctions within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Archives International Auctions within four weeks of the date of the auction; however, Archives International Auctions may, in its discretion, refuse acceptance of such returned lot. If an opinion of a generally recognized authority is desired, the period of time within which a lot must be received by Archives International Auctions will be extended in accordance with Condition of Sale 8. In the event that a dispute cannot be resolved by reference to a generally recognized authority, and Archives International Auctions thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned in-

The following lots are not returnable except at the discretion of Archives International Auctions: (i) lots from purchasers who attended the exhibition of the lots; (ii) lots examined by postal viewers; (iii) lots on account of their appearance, if they are illustrated in this Catalogue; or (iv) lots described as having repairs, defects or faults for any reason.

(d) Authenticity. Any lot which is declared otherwise than genuine by a generally recognized authority is returnable, provided such lot is received by Archives International Auctions within four weeks of the date of the auction. Proof that a generally recognized authority declines to express an opinion is normally grounds for the return of a lot.

(e) Expenses incurred a purchaser in the submission and the return of a lot under Conditions of Sale 7 are not subject to refund.

SALES TAX

8. Unless presentation of satisfactory proof that it is exempted by law, a purchaser shall pay to Archives International Auctions New Jersey or New York State and local sales taxes, or any compensating use taxes of any other State claiming jurisdiction. A purchaser shall indemnify Archives International Auctions and hold it harmless of and from any claims of any jurisdiction for sales taxes relating to the purchase of articles at the auction, whenever the same may arise.

APPLICABLE LAW, JURISDICTION, ETC.

9. All matters arising out of this auction shall be governed by the laws of the State of New Jersey without giving effect to the choice of law principles thereof.

10. Any controversy or claim arising out of or relating to this auction shall be settled by arbitration in the City of New York, State of New York in accordance with the Rules of the American Arbitration Association and judgment upon the award rendered by the Arbitrator or Arbitrators may be entered in any Court having jurisdiction.
