## KEY TO CATALOGING

### DEFINITIONS

**SPECIMEN:** An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

**COLOR TRIAL SPECIMENS:** Sometimes specimens would be printed in numerous color combinations not used on the final note for evaluation before a final printing. These are usually extremely rare.

**PROOF:** An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on india paper mounted on card or printed on some form of paper or light card. The amount of proofs printed is usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

**COLOR TRIAL PROOF:** A proof printed in a color other than the issued color.

**ESSAY SPECIMEN or PROOF:** A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay.

**PRODUCTION MATERIAL:** Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

**MODEL:** A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the "digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of different completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

Description Abbreviations I/C = Issued and Cancelled; I/U = Issued and Uncancelled; POC's = Punched out cancels

**458 Theresienstadt Ghetto, 1944 Receipt for Package from Portugal.**  
Package receipt for package sent to somebody in the Theresienstadt Ghetto printed in Portuguese and German. Theresienstadt was a hybrid concentration camp and ghetto established by the SS during World War II in the fortress town Terezín, located in the Protectorate of Bohemia and Moravia (German-occupied Czech lands) in which tens of thousands of Jews were killed. Theresienstadt served two main purposes: it was simultaneously a waystation to the extermination camps, and a "retirement settlement" for elderly and prominent Jews to mislead their communities about the Final Solution. Its conditions were deliberately engineered to hasten the death of its prisoners, and the ghetto also served a propaganda role. Unlike other ghettos, the exploitation of forced labor was not economically significant. Theresienstadt was known for its relatively rich cultural life, including concerts, lectures, and clandestine education for children. The fact that it was governed by a Jewish self-administration as well as the large number of "Prominent" Jews imprisoned there facilitated the flourishing of cultural life. Est. \$70-140

For nearly two decades from the early 1930s, he served as a judge in courts of Allegheny County, Pennsylvania. Entering the United States Navy during World War II, he served in the military justice system. After the war in 1946 he served as military governor of an occupied district in Italy. Beginning in 1947, he served as a presiding judge for the Einsatzgruppen trial in US military court at Nuremberg. The Einsatzgruppen trial (officially, The United States of America vs. Otto Ohlendorf, et al.) was the ninth of the twelve trials for war crimes the US authorities held in their occupation zone in Germany in Nuremberg after the end of World War II. These twelve trials were all held before US military courts, not before the International Military Tribunal. They took place in the same rooms at the Palace of Justice. #### Bond

Florida. \$1,000/225 Pounds Sterling Issued 5% Coupon Bond, Black print on ornate black border, Company title at top, Bond guaranteed by the State of Florida and signed by Governor, Richard K. Call on the reverse, VF-XF condition. James Van Norden. Richard Keith Call (October 24, 1792 \_ September 14, 1862) was an American attorney and politician, the 3rd and 5th territorial governor of Florida. Before that, he was elected to the Florida Territorial Council and as a delegate to the U.S. Congress from Florida. In the mid-1830s, he developed two plantations in Leon County, Florida, one of several thousand acres. In 1860 he held more than 120 slaves and was the third-largest slaveholder in the county. Richard Call came favorably to the attention of General Andrew Jackson, a leader during the war. In 1814, Call was commissioned as a first lieutenant and went to Florida to serve as Jackson's personal aide. He returned with General Jackson in 1821 to establish the territorial government after the United States acquired Florida from Spain by the Adams-Onís Treaty. After resigning from the Army in 1822, Call decided to make Florida his home and opened a legal practice. On March 16, 1836, he was appointed by President Andrew Jackson as the governor of the territory. During his first term, as brigadier general of the territorial militia, he led forces in fighting the Seminole Indians, winning victories at the second and third Battles of Wahoo Swamp in the Seminole War. President Martin Van Buren replaced him as governor with Robert R. Reid on December 2, 1839 following a dispute with Federal authorities over their assistance during the war. In the 1840 presidential campaign, Call crossed party lines to assist Whig William Henry Harrison, who won and appointed him again as governor of Florida. During this second term, which began on March 19, 1841, Call moved the territory closer to statehood. He worked to minimize the financial problems that Florida suffered due to bank failures and a national business depression. He left office on August 11, 1844. In 1845, Florida became a state and Call sought election as governor. His role in supporting the election of President Harrison caused him to lose. Est. \$300-500

A wealthy lawyer and businessman born in Gibara, Morales Lemus professed moderate liberal ideas. He freed his own slaves but was only a qualified abolitionist. He disliked Spanish domination, and for a time favored Cuba's annexation to the United States. However, after the U.S. Civil War made this impossible, he joined the reformists, a group of prominent creoles who advocated constitutional reforms within the framework of Spanish rule. In 1866 he led the group of reformists who went to Madrid to negotiate with the Spanish government. After this effort failed, he cast his lot with the planters who initiated the Ten Years' War (1868\_1878). As a result he had to seek refuge in New York, where he became president of the Cuban junta in exile. Est. \$230-325

The grant stated the purpose of the company was to open "a line of communication...between the Pacific and Atlantic Oceans, through the Isthmus of Tehuantepec." Through a combination of canals, railroads and steam-carriages, the Tehuantepec Company would provide a fast, commercially feasible link between the two oceans opening a profitable Asiatic trade via San Francisco and Tehuantepec. Support of the concept was widespread and included Judah Benjamin, President Fillmore, Daniel Webster and numerous other notables. Unfortunately, the company dissolved amid a rivalry between the promoters and ultimately, financial failure. 897 American & European Secret Service Co., 1879 Issued Certificate

Issued Membership Certificate, Black print on black border on over sized certificate, Bald Eagle at center of title, VF-XF condition with minor toning and splitting at fold lines. This company was considered a fraud in 1880 by the United States Postal Service and it's partner American Detective Newspaper. it was founded to enlist subscribers help in finding "conspiracies". The president of the company, Byron H. Robb, was a convicted perjurer and dam able villain. In October 1877 he was indicted by a U.S. grand jury in Cincinnati for using the mail with intent to defraud and in late 1880 the U. S. Post Office department circulated a list of "parties known or believed to be guilty of fraudulent practices." Prominent on the list was Byron H. Robb of Cincinnati, along with no fewer than nine of his business names, including the Electro-Magnetic Brush Co., American and European Secret Service Co., Monitor Lamp Co., and strangely, the Singapore Tobacco Co. Robb's Secret Service scam involved selling (for \$3) an official-looking American & European Secret Service Co. document appointing the applicant as "a member of our force." The recipient might then be given several (fictitious) leads and told that if, at the end of six months, he had done any good work, he would be hired at \$3 a day. Est. \$85-150

## CONDITIONS OF SALE

### THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

#### BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
2. (a) Bids shall be made in the steps set forth in paragraph 12.  
(b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20%\* on the hammer price is payable by the buyer to the auctioneer (\*See exceptions on next page for bids on internet).
3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.  
(b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.  
(c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.  
(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.  
(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

#### PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale 8), shall be as follows:  
(a) Floor Bidders. Payment of the purchase price, or such part thereof as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.  
(b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
5. Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.  
(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.  
(c) A defaulting purchaser shall be deemed to have granted Archives International Auctions a security interest in property in Archives International Auctions possession owned by such purchaser. Archives International Auctions shall have all of the rights afforded a purchase money secured party under the New York or New Jersey Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Archives International Auctions to such purchaser. Archives International Auctions is authorized to file a Financing Statement in order to perfect its rights as a secured party.  
(d) If Archives International Auctions takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Archives International Auctions to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Archives International Auctions with its attorneys with respect to all matters arising out of a delinquent account.  
(e) Unless otherwise acceptable to Archives International Auctions, payment is to be made only in the form of cash, bank check or certified check, credit card (Visa or MasterCard only) or a bank wire transfer.

#### EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) On Premises Inspection only. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Archives International Auctions discretion.  
(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.  
(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Archives International Auctions within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Archives International Auctions within four weeks of the date of the auction; however, Archives International Auctions may, in its discretion, refuse acceptance of such returned lot. If an opinion of a generally recognized authority is desired, the period of time within which a lot must be received by Archives International Auctions will be extended in accordance with Condition of Sale 8. In the event that a dispute cannot be resolved by reference to a generally recognized authority, and Archives International Auctions thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned in-

- (d) Authenticity. Any lot which is declared otherwise than genuine by a generally recognized authority is returnable, provided such lot is received by Archives International Auctions within four weeks of the date of the auction. - (e) Expenses incurred a purchaser in the submission and the return of a lot under Conditions of Sale 7 are not subject to refund.

#### SALES TAX

8. Unless presentation of satisfactory proof that it is exempted by law, a purchaser shall pay to Archives International Auctions New Jersey or New York State and local sales taxes, or any compensating use taxes of any other State claiming jurisdiction.
