## KEY TO CATALOGING

### DEFINITIONS

**SPECIMEN:** An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

**COLOR TRIAL SPECIMENS:** Sometimes specimens would be printed in numerous color combinations not used on the final note for evaluation before a final printing. These are usually extremely rare.

**PROOF:** An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on india paper mounted on card or printed on some form of paper or light card. The amount of proofs printed is usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

**COLOR TRIAL PROOF:** A proof printed in a color other than the issued color.

**ESSAY SPECIMEN or PROOF:** A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay.

**PRODUCTION MATERIAL:** Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

**MODEL:** A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the "digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of different completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

Description Abbreviations I/C = Issued and Cancelled; I/U = Issued and Uncancelled; POC's = Punched out cancels

- 495 F.C. Newell Mutograph Co., 1900-1909 Specimen Stock certificate.** NJ. 190- (1900-1909). Specimen. Odd shs, green. Eagle and shield. A mutograph or mutoscope is a device for creating a moving picture from a series of still photographs. Both the kinetoscope and the mutograph required the viewer to peer into a viewing slot while turning a handle. But whereas Edison's device used a strip of film, Casler's was very close in idea to the flip-book, in which riffling through a sequence of still pictures seems to create a moving image. In the mutoscope the pictures were arranged around a drum; turning a handle caused them to appear one after the other at about 16 frames a second, the minimum needed to give an illusion of movement. The big problem with both the kinetoscope and the mutograph was that only one person could watch at a time. It was created by the American inventor Herman Casler and patented in 1894. Extremely rare pre-silent film era movie certificate. SBNC. XF. (Ex. John E. Herzog Collection)..... Est. **\$120-240**

VF condition with toning along right edge and a small 1/2 inch tear on middle of left border. Hosford & Sons, NY. George H. Sisson was a nineteenth-century American entrepreneur. He was born in Michigan, and was an early real estate developer in Chicago. He was a mining engineer in Arizona, and with his profits from that operation, purchased a large land concession in Baja California. On July 24, 1884, he and Luis Huller obtained a concession from the Mexican government for a tract of land in Baja California, extending between 29° North and 32° 42' North, including Cedros Island. This was extended with additional purchases to 28° North, which later was to become the border between Baja California and Baja California Sur. Land was also purchased northward to the United States border. In 1885, they formed the International Company of Mexico in Hartford, Connecticut, and George H. Sisson was named as general manager. Eventually, the Huller Estate covered over 13,325,650 acres of land, a representation of the vast neocolonial inequities in Mexican land distribution during the Porfiriato. The company was sold to the British Mexican Land and Colonization Company in 1888. Related lawsuits continued for years afterward. Very possibly unique as a proof. .... Est. **\$500-1000**

Salt Lake & Fort Douglass Railway Company bond signed by John W. Young as president, Rulon S. Wells as Secretary and included his brother Brigham Young Jr. and other Mormon leaders as shareholders. John Young was born in Nauvoo, Illinois to Latter Day Saint apostle Brigham Young and Mary Ann Angell. As a young boy, John traveled with the Mormon pioneers from Illinois to Utah Territory. He was ordained an apostle by his father in 1855, when he was eleven. He was called as First Counselor to his father in October, 1876 until the First Presidency was dissolved by Brigham Young's death less than a year later in 1877. Young practiced polygamy and had 4 wives. He was arrested in Denver from a complaint of his 3rd wife from Philadelphia when he took a 4th wife in 1878. Young's business practices and practice of living in New York City soon brought him into conflict with other church authorities. In 1888, Joseph F. Smith accused Young of unethically using church funds to maintain a lavish lifestyle. He resigned from the position of counselor to the Quorum of the Twelve Apostles in 1891. Rulon S. Wells was a Utah politician and was a general authority of The Church of Jesus Christ of Latter-day Saints. Rare and historic early Mormon railroad signed by son of Brigham Young. Est. **\$300-600**

The Commercial Cable Company was founded in New York in 1884 by John William Mackay and James Gordon Bennett, Jr. Their motivation was to break the then virtual monopoly of Jay Gould on transatlantic telegraphy and bring down prices (particularly for Bennett's newspaper empire). The technology was well established by this time, and they were able to lay cables from Waterville in Ireland to Canso, Nova Scotia, without the major technical problems of the first Transatlantic telegraph cable. Onward connections to New York City and beyond were initially overland and later submarine. Connections from Waterville to Weston-super-Mare in England and Le Havre in France were soon established by the submarine route after initial use of landlines from Waterville onward to mainland Britain. Commercial Cable also had a relationship with the German Atlantic submarine cable system. Domestically the cable distributed its cable traffic through its partner firm the Postal Telegraph Company. It had a twenty-five percent share ownership in the Commercial Pacific Cable Company that operated a cable from San Francisco to Manila and Shanghai after 1906. - 879 Letter from Thomas J. Watson to Willis K. Whitney Regarding George Eastman, 1931** Schenectady, NY, January 12, 1931 Society of the Genesee, Inc. Letter to Mr. Whitney (an American chemist and founder of the research laboratory of the General Electric Company) detailing a Society of the Genesee event honoring George Eastman and his contributions to film and celebrating his patents. Hand signed typed letter from Thomas Watson as president of the society. Thomas John Watson Sr. (1874 – 1956) was an American businessman. He served as the chairman and CEO of International Business Machines (IBM). He oversaw the company's growth into an international force from 1914 to 1956. Watson developed IBM's management style and corporate culture from John Henry Patterson's training at NCR. He turned the company into a highly-effective selling organization, based largely on punched card tabulating machines. A leading self-made industrialist, he was one of the richest men of his time and was called the world's greatest salesman when he died in 1956. The letter refers to an award dinner given to George Eastman, who was frequently approached to receive awards and honors that would have focused public attention on him, but invariably Eastman "escaped" these offers. His typical reply was this response to the Society of the Genesee, whose membership included most of his long-time friends and business associates: "I deeply appreciate the honor, and deeply regret that it is wholly impossible for me to accept such an invitation. ... I should be embarrassed beyond measure on such an occasion and do not feel that I could go through the ordeal." In April 1930, after Tom Watson took over as president of the Genesee Society, the salesman went to work and succeeded in convincing Eastman to attend. He wanted this great industrialist to receive the public recognition of his peers that he so richly deserved. The press documents that Watson made a personal trip to Rochester and "prevailed upon him [Mr. Eastman] to accept the honor" from the "twelve-hundred-member society." In June, the Society announced George Eastman's acceptance. The organization celebrated Watson's "noteworthy achievement" in overcoming Mr. Eastman's "ever-increasing desire to retire from the public eye," because everyone wanted to say thank you for the employment he had created locally, nationally and internationally, and acknowledge the estimated \$80 to \$100 million he had donated to worthy projects in his city, state, country and world. IL and IA. 5 Shares, Chicago, Rock Island and Pacific Railway Co., I/C, Black on orange border, Train L-R, Endorsed by Manserve on back. S/N A12491. Frederick Hill Meserve, (1865 -1962), New York City businessman, and one of America's premier Lincoln collectors. Meserve began collecting in 1880, when he set out to find photographs to illustrate the Civil War diary his father was writing. When he bought a packet of photographs at auction for \$1.10 that included 100 Mathew Brady salted paper prints, he was hooked. By 1911, he had tracked down and catalogued 100 Lincoln photographs. The photographs document the changes in Lincoln's face over the years, as he struggled with the tragedy of the Civil War and the death of his son. (Ex. John E. Choice Very Fine, Printed by the BEP. This Bond in it's complete 80 Coupon as issued format, is not only quite impressive but down right scarce as well. **980 United States of America Liberty Loan Bond of 1917 \$100.00, 3 1/2 % Gold Coupon Bond of June 15, 1917, Act of April 24, 1917.** Washington, D.C., 1917, \$100, United States of America, Liberty Loan 30 year Gold Coupon Bond of 1917. This was the 1st design of the Liberty Loan Bonds of WWI. These Bonds were special in that they looked like "Large Paper Money". Designed to inspire purchases by patriots all over America. Vignette of Andrew Jackson on the Left and the Statue of Liberty pictured on the right. This bond in Booklet format literally had the series of 60 coupons (This Bond is Complete with original banking envelope) bound in to the bond itself. Beautifully colored \$100 First Liberty Loan has all of its 60 coupons attached. Bond displays excellent color with a bold blue Treasury Seal and serial numbers on the bond and coupons along with a vibrant orange color back with "Columbia" and Bald Eagle. Engraved signatures of Teehee and McAdoo. Embossed U.S. Treasury Seal. Usual light folds are seen on this scarce bond. Extremely Fine to About Uncirculated as received from the bank, any collector would be proud to own this beautiful piece of American financial history. Printed by the BEP. .... Est. **\$6000-9000**

**981 United States of America \$500.00, First Liberty Loan Converted 4 1/4% Gold Coupon Bond of 1932-1947 issued May 9, 1918.** Washington, D.C. 1918, \$500, United States of America, 4.25% First Liberty Loan Converted "Long" Coupon Bond. This is only the second \$500.00 Liberty Loan bond ever seen by your cataloguer and the only one known to exist of this series. This exceedingly rare bond is vibrant in its' color and striking in design. Vignette of Washington on obverse. Engraved Teehee/McAdoo signatures. Beautiful Blue tint and apple red Treasury Seal and serial number. Only coupons 5 and 6 have been redeemed since this long bond picked up from where the "short series" First Liberty Loan 4.00 % Convertible Gold Bond of 1932-1947 left off, which contained coupons 1-4. This particular series of bonds is considered by your cataloguer the "most patriotic" of the series as the reverse in Dark Blue depicts three "Doughboys" in full charge with bayonets out and "Old Glory" in full display. A must for the patriot in your family. (From the John E. Herzog Collection). .... Est. **\$12500-15000**

- 982 United States of America \$50.00, Second Liberty Loan 4.00% 10/25 Gold Coupon Bond of 1917 "Registered Series" of November 15, 1917. Washington, D.C., 1917, \$50, Second Liberty Loan of 1917, 4% Convertible Gold Registered Bond, issued Nov. 15, 1917. A rare registered bond that was issued without coupons. These registered bonds had checks mailed directly to the registered owner, which in your catalogers opinion makes them rarer than the more readily available bearer bonds as there was little additional evidence of their existence. This is only the second one ever seen in modern times. Black and Brown print on cream paper. Engraved Treasury officers signatures, Jefferson Vignette on obverse. Embossed U.S. Treasury Seal. Brown print on reverse with Transfer documentation for review. Printed by the BEP. ....Est. \$1500-2000

Washington, D.C., November 15, 1917, \$50, Second Liberty Loan of 1917, 4.00% Convertible Gold Coupon Bond. An extremely rare and complete bond, a wonderful companion to the prior lot offering in Registered form. Jefferson on Obverse, "Columbia" pictured on both Reverse of Bond and on the short series of coupons 1-4. Brown U.S. Treasury Seal. Engraved Treasury signatures and Embossed Treasury Seal. Complete with an issued Postal Savings envelope possibly belonging to the bonds owner. Pencil graffiti on reverse does not detract from rarity. Printed by the BEP. ....Est. \$4000-6000

- 984 United States of America. Acts of September 24, 1917, Amended April 4, 1928. \$50, 4 1/4% Second Liberty Loan Converted Gold Coupon Bond of 1927-1942. Washington, D.C., 1917, \$50. Second Liberty Loan Converted Gold Coupon Bond of 1927-1942. This was the lowest denomination of Liberty Loan Bonds issued. At \$20 per troy ounce of Gold in 1918 this was equal to 2 and 1/2 ounces of Gold. That is over \$4,000.00 at today's prices. The golden color of this particular series makes it one of the most popular Liberty Loans to collect amongst both Bond and Large size type note collectors. This Bond is virtually complete, with the long series beginning at coupon number 5. Blue U.S. Treasury Seal, Treasurer engraved signatures. Embossed U.S. Treasury Seal. Brown reverse "Columbia" floating above the U.S. Capitol Building. Printed by the BEP. ....Est. \$2200-3000

- 985 United States of America \$50.00, Third Liberty Loan 4 1/4% "Short" Gold Bond of 1928. Washington, D.C., 1918, \$50. United States of America Complete Third Liberty Loan Gold Bond of 1928 "Short" \$50 Bond was a popular issue amongst the general public when it was first issued in 1918 as well as currently with serious Bond collectors today. It has become quite a challenge to put together a "year set" of the "Short" and "Long" series bonds as the Herbstman Census only list about 20 of these "Short" Bonds known and most are not complete. Beautiful Red Inks on the front, Jefferson Vignette and engraved Treasury signatures, embossed U.S. Treasury Seal. Reverse Brown Inks with Vignette of "Screaming Eagle" similar to the Vignette on the \$10 Legal Tender "Jackass" Note. Printed by the BEP. ....Est. \$1800-2500

**986 United States of America \$50.00, Third Liberty Loan 4 1/4% "Long Coupon" Gold Bond of 1928.** Washington, D.C., May 9, 1918, \$50. United States of America Third Liberty Loan of 1928 Coupon Bond. This Bond unlike its predecessor in the next lot is a "Long Coupon Bond" The Coupons ran from #5 through #21. With its vibrant "Candy Apple" Red color, this Bond from the Third Liberty Loan issued May 9, 1918 is a favorite of both Currency and Non-Collectors, especially when framed. The obverse as mentioned bright and strong red inks with a blue U.S. Treasury seal. Engraved Treasury signatures and strongly Embossed Treasury seal. Note please that the red color seen on the reverse is NOT Bleed through due to dampness. It is due to the strong inking on the front. Vignette of Jefferson on front and a "watchful" American Bald Eagle on the reverse. A beautiful Bond. Printed by the BEP..... Est. \$2500-3500

987

**987 United States of America \$500.00, Fourth Liberty Loan Gold Bond of 1933-1938.** Issued October 24, 1918. Choice Very Fine. Washington, D.C., October 24, 1918, \$500. Fourth Liberty Loan Gold Bond of 1933-1938. Issued less than one month prior to the end of the "Great War" this \$500.00 Fourth Liberty Loan is not only rare and possibly unique in public hands, it represented almost 25% of the annual salary of the Middle-Class working American at the time. In terms of a conversion to gold (if possible today, though it is not) the value at \$20.00 per Troy oz. of gold, would be in excess of \$35,000.00 in today's gold value. Large Green Sunburst in the center of the bond on the obverse, Washington vignette top center. Coupons 23-40 present, Treasury engraved signatures with embossed U.S. Treasury Seal. It is quite amazing to your cataloguer that this bond representing such a vast sum of wealth was not redeemed during the depths of the Great Depression just 2 short years after the last coupon was redeemed. Gun Metal Blue ink back with Justice draped with the American Flag, holding scales. Like the other high denomination bonds in this sale, should you miss purchase now, you may never see these bonds available again for quite some time or even your lifetime. Printed by the BEP. (From the Collection of John E. Herzog)..... Est. \$9000-12500

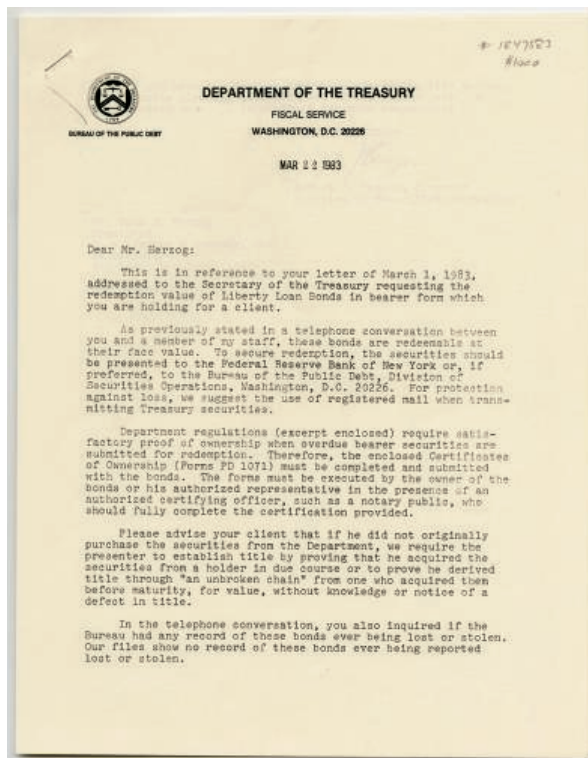

All U. S. Treasury Bonds are traded over-the-counter, primarily among the registered government bond dealers. The range of daily dollar value of Treasury Bonds traded is estimated between 10-25 billion dollars.

This is Certificate No. 1 of the Fourth Liberty Loan, 1918.

988 United States of America \$50.00, "Serial Number 1" Fourth Liberty Loan "Short" Gold Bond of 1933-1938, Issued October 24 1918. Washington, D.C., October 24, 1918, \$50. Fourth Liberty Loan "Short" Gold Bond of 1933-1938. All "short" complete Liberty Loan Bonds are quite rare, as most were exchanged to a longer series of payments. However, a Serial Number 1 bond is extraordinary. Large Size Banknotes with the same serial number #1, from the same period of time have easily traded hands well in to the \$20 Thousands of Dollars. This is the centerpiece of any serious collector of either U.S. Treasury Bonds or Large Size Type notes. Brown ink on Black and White face. Brown ink reverse. Name of original owner? signed on reverse. Jefferson vignette top center. Brown U.S. Treasury Seal. Embossed U.S. Treasury Seal on front, Brown inked "Screaming Eagle" reverse. Expect some spirited bidding on this piece of American Financial History. Printed by the BEP (From the John E. Herzog Collection). Est. \$22000-25000

989 1919 Victory Liberty Loan \$1,000.00, 4 3/4% Convertible Gold Note Due 1923 . Rare and Scarce in this Denomination and Series. Washington, D.C., 1919, \$1,000, United States of America, Victory Liberty Gold Note \$1,000.00 Gold Note of 1922-1923. Choice Very Fine, Printed by the BEP. Issued to help fund the "Doughboys" journey home from Europe. After the War, inflation began to take effect and interest rates rose from the 4.25% rate of interest paid on the 4th Liberty Loan Bonds to 4 3/4% on these Federal Notes. Coupons 5-8 are attached as originally issued. Coupons 1-3 were redeemed and coupon #4 is re-attached. Bond has Sky Blue undertint with sunburst radiating from the U.S. Treasury Seal. Martyred President Lincoln pictured in top center flanked by \$1,000.00 denomination on right and left. Embossed Treasury Seal. Reverse of Treasury Note is "Money Green" with Heraldic Eagle design that is very much similar to the reverse on the 1918 Series of the Federal Reserve \$1.00 Large Size Banknote. As was stated in a prior auction, the prior owner, John Herzog was only able to locate this Note after many years of searching. Another may take many decades more to secure. (From the John E. Herzog Collection) ..... Est. \$18000-25000

### THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

#### BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
2. (a) Bids shall be made in the steps set forth in paragraph 12.  
(b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20%\* on the hammer price is payable by the buyer to the auctioneer (\*See exceptions on next page for bids on internet).
3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.  
(b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.  
(c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.  
(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.  
(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

#### PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale 8), shall be as follows:
  - (a) Floor Bidders. Payment of the purchase price, or such part thereof as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.
  - (b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
5. Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.  
(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.  
(c) A defaulting purchaser shall be deemed to have granted Archives International Auctions a security interest in property in Archives International Auctions possession owned by such purchaser. Archives International Auctions shall have all of the rights afforded a purchase money secured party under the New York or New Jersey Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Archives International Auctions to such purchaser. Archives International Auctions is authorized to file a Financing Statement in order to perfect its rights as a secured party.  
(d) If Archives International Auctions takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Archives International Auctions to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Archives International Auctions with its attorneys with respect to all matters arising out of a delinquent account.  
(e) Unless otherwise acceptable to Archives International Auctions, payment is to be made only in the form of cash, bank check or certified check, credit card (Visa or MasterCard only) or a bank wire transfer.

#### EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) On Premises Inspection only. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Archives International Auctions discretion.  
(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.  
(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Archives International Auctions within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Archives International Auctions within four weeks of the date of the auction; however, Archives International Auctions may, in its discretion, refuse acceptance of such returned lot. If an opinion of a generally recognized authority is desired, the period of time within which a lot must be received by Archives International Auctions will be extended in accordance with Condition of Sale 8. In the event that a dispute cannot be resolved by reference to a generally recognized authority, and Archives International Auctions thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned in-

tact in the condition received by the purchaser. The following lots are not returnable except at the discretion of Archives International Auctions: (i) lots from purchasers who attended the exhibition of the lots; (ii) lots examined by postal viewers; (iii) lots on account of their appearance, if they are illustrated in this Catalogue; or (iv) lots described as having repairs, defects or faults for any reason.

- (d) Authenticity. Any lot which is declared otherwise than genuine by a generally recognized authority is returnable, provided such lot is received by Archives International Auctions within four weeks of the date of the auction. Proof that a generally recognized authority declines to express an opinion is normally grounds for the return of a lot.

- (e) Expenses incurred a purchaser in the submission and the return of a lot under Conditions of Sale 7 are not subject to refund.

#### SALES TAX

8. Unless presentation of satisfactory proof that it is exempted by law, a purchaser shall pay to Archives International Auctions New Jersey or New York State and local sales taxes, or any compensating use taxes of any other State claiming jurisdiction. A purchaser shall indemnify Archives International Auctions and hold it harmless of and from any claims of any jurisdiction for sales taxes relating to the purchase of articles at the auction, whenever the same may arise.
