KEY TO CATALOGING

DEFINITIONS

SPECIMEN: An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

COLOR TRIAL SPECIMENS: Sometimes specimens would be printed in numerous color combinations not used on the final note for evaluation before a final printing. These are usually extremely rare.

PROOF: An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on india paper mounted on card or printed on some form of paper or light card. The amount of proofs printed is usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

COLOR TRIAL PROOF: A proof printed in a color other than the issued color.

ESSAY SPECIMEN or PROOF: A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay.

PRODUCTION MATERIAL: Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

MODEL: A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the "digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of different completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

CZECHOSLOVAKIA

- 175 Theresienstat Concentration Camp / Ghetto Scrip, 1943, Set of 7 Notes
Czechoslovakia, set of 7 notes, includes 1, 2, 5, 10, 20, 50, and 100 Kronen. Theresienstadt was simultaneously a ghetto, a transit camp, and a concentration camp. On arrival deportees had to exchange all their money and assets into this ghetto 'currency' despite the fact that normal trade and business were impossible. The set offered is a complete set, with the denominations differing only in size and color. The front of each note has a picture of Moses on it, he is holding the Ten Commandments which are written in Hebrew. The notes also carry the signature of Jakob Edelstein the first Chief of the Council of Jewish Elders which the SS insisted be set up in Theresienstadt Camp-Ghetto. The notes had no monetary value but within the ghetto could be used to pay in the communal showers, and for entry to performances put on by other prisoners. The currency and false image of normality it helped to portray played a part in convincing members of the Red Cross who visited in June 1944, that prisoners at Theresienstadt were receiving acceptable treatment, despite the horrific reality. Uncirculated condition. (7) Est. \$230-350

Multiple-page document in French regarding the payment of hereditary annuities granted by the French King Louis XVI and Parliament, which goes over terms and policies in great detail. Louis XVI was the last king of France before the fall of the monarchy during the French Revolution. He was referred to as Citizen Louis Capet during the four months just before he was executed by guillotine. Also mentioned in the text is Joseph Micault d'Harvelay, who was a Royal Treasury Guard and State Councilor at the time of the document. IRAN- PERSIA

364

- 364 National Bank of Persia (aka Bank Melli-e Iran). ND (AH1311-AH1313 // 1932-1934). Quartet of Early Proof Vignettes.** Iran (Persia was the name used until 1935). ND (Pre 1935). A set of four intaglio printed proof denomination counter vignettes, printed on india paper in black or green, as used on the 1932-1934 issues of the National Bank of Persia. Established in 1927 under German management, and with Kurt Lindenblatt as its governor, it was to be the vehicle for Germany's economic expansion into Persia. By World War II, Reza Shah's Iran and Hitler's Germany had developed close commercial ties. But this was a relationship that came to an abrupt end with the Allied invasion of Iran in 1941. Thereafter, the Bank came to be known by its Persian name – the Bank Melli-e Iran – which became the country's Central Bank until 1960 and continues as a commercial bank to this day. The first piece included is a "10" as used on the 10 Rials, AH1311, P-19, die # 69213; the second is a "50" as used on the 50 Rials, AH1311, P-21, die # 69386; third is a "500" as used on the 500 Rials, AH1311, P-23, die # 69366; and the fourth is a pair of different "1000"s as used on the 1000 Rials (different designs in the different corners), AH1313, P-30, die # 71431. Each of the numeral figures on the four pieces is enclosed in a unique and elaborate guilloche, with "National Bank of Persia" indicated. ABNC. Extremely rare in this form, with the original bank name. All are in AU to uncirculated condition except for the 10 Rials proof which is missing small pieces from the lower right and upper left corners. Extremely rare Iran banknote production items. Yuengling is an Anglicized version of Jüngling, its founder's surname and the German term for a "young person" or "youngster". During the Prohibition era, Yuengling survived by producing "near beers" (beverages with a 0.5% alcohol content) called "Yuengling Special", "Yuengling Por-Tor", and "Yuengling Juvo". In 1933 when the nation's breweries and disgruntled beer lovers finally won the fight against Prohibition, Yuengling introduced its symbolic Winner Beer, celebrating Prohibition's repeal, and the brewery shipped a truckload of its popular brew to the White House to show their appreciation to President Roosevelt. VF-XF condition, SBN. Charles Elmer Hires (1851-1937) was an American pharmacist and an early promoter of commercially prepared root beer though his company, The Charles Hires Co. Hires reportedly learned about root beer on his honeymoon in New Jersey, where the woman who ran the hotel served a tisane known as "root tea" made from roots. His friend Russell Conwell, who went on to found Temple University, suggested that "root beer" would be more appealing to the working class. Originally, Hires packaged the mixture in boxes and sold it to housewives and proprietors of soda fountains. The drink was slow to catch on, but Conwell persuaded Hires to present his product at the 1876 U.S. Centennial Exposition in Philadelphia. To make it stand out, he called his drink "the temperance drink" and "the greatest health-giving beverage in the world." Today, Hires Root Beer is a root beer marketed by Keurig Dr Pepper. It is considered the second longest continuously made soft drink in the United States. Only Verner's ginger ale, dating to 1866, is older. Est. \$130-250

However, he believed the price was far too high, so in 1890 he purchased his own tea gardens in Ceylon, now Sri Lanka, and packaged and sold the first Lipton tea. Staying true to this vision, he arranged packaging and shipping at low costs and sold his tea in packets by the pound (454g), half pound (227g), and quarter pound (113g), with the advertising slogan: "Direct from the tea gardens to the teapot." - 713 Savings and Charity Fund of Monsieur Lafarge, 1791 Issued Certificate** France, 1791. Share or Bond Certificate for 90 Livres I/U to a woman in Paris in September of 1791. Black text with black border with a small medallion illustration at top center. Signatures are also on the back, with dates that likely correspond to dividend payments, near a faded administrative stamp. The Savings and Charity (also translated to Benevolent) Fund of Sir Lafarge functioned as a life annuity fund and savings bank, with the subsequent capital likely invested in national securities. When the French Revolution hit, the national finances of France collapsed, and the Fund passed out of existence, likely not long after this certificate was issued. Paris at the time would have been a tumultuous and dangerous place, with the Constitution of 1791 only having been passed earlier that very month. Significant events were still to follow, including the execution of Louis XVI and Marie Antoinette. Unique and fascinating glimpse into French Revolutionary and finance history, Very Rare. Colossal Cavern is a cave in Kentucky, the main entrance of which is at the foot of a steep hill beyond Eaton Valley, and 1.5 miles from Mammoth Cave. It is connected with what has long been known as the Bedquilt Cave. Several entrances found by local explorers were rough and difficult. They were closed when the property was bought in 1896 by the Louisville & Nashville railway and a new approach made. From the surface to the floor is 240 feet (73 m) under Chester Sandstone and in the St. Louis Limestone. Fossil corals fix the geological age of the rock. The temperature is uniformly 54 °F (12 °C), and the atmosphere is optically and chemically pure. There are gypsum rosettes and helictites. On August 22, 1960, a crew consisting of Jack Lehrberger, Spike Warner, and Dave Deamer discovered and surveyed a connection to nearby Salts Cave. The two cave surveys were linked to the already-connected Collins Crystal Cave and Unknown Cave on August 21, 1961. The integrated survey was dubbed the Flint Ridge Cave System, and by March 1969, it was ranked the longest surveyed cave in the world, at about 65 miles. On September 9, 1972, a connection was found to Mammoth Cave, forming the Flint-Mammoth Cave System (144 miles). Est. \$130-230

EPHEMERA - ADVERTISING & TRADE CARDS

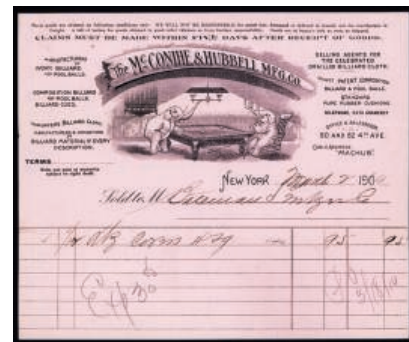

PENNSYLVANIA

1311

- 1311 Burdock Blood Bitters & Dr. Thomas' Electric Oil. ND (ca. 1890s-1900s). Quartet of Advertising Trade Cards.** Glasgow, PA. Lot includes four different colorful advertising trade cards, all in uniform style, size, and printed at the same printer. Two cards advertise Burdock Blood Bitters. Images of cats on 2 of the cards. Over a century ago, there was a social movement, led predominantly by women and priests, to ban alcohol for sale in any public venue. The temperance movement eventually created prohibition and something less commonly talked about, temperance drinks. These are beverages, disguised as therapeutic medicines that contain very high amounts of alcohol. Burdock's Blood Bitters had almost twenty percent alcohol. The two other cards advertise Dr. Thomas' Electric Oil, which was a widely used pain relief remedy which was sold in Canada and the United States as a patent medicine from the 1850s into the early twentieth century. Like many patent medicines, it was advertised as a unique cure-all, but mostly contained common ingredients such as turpentine and camphor oil. An odd and rare quartet. VF-XF..... Est. \$40-70

William Bowyer (1699-1777) was an English printer. In 1729 he was appointed printer of the votes of the British House of Commons, and in 1736 printer to the Society of Antiquaries, of which he was elected a fellow in 1737. Bowyer was also a close collaborator with the prominent London bookseller Andrew Millar. In 1761 Bowyer became printer to the Royal Society, and in 1767 printer of the rolls of the House of Lords and the journals of the House of Commons. He died leaving unfinished a number of large works and among them the reprint of Domesday Book. He wrote a great many tracts and pamphlets, edited, arranged and published a host of books, but perhaps his principal work was an edition of the New Testament in Greek, with notes. He also edited the Greek-Latin Lexicon of Schrevelius. His generous bequests in favour of indigent printers are administered by the Stationers' Company, of which he became a liveryman in 1738, and in whose hall is his portrait bust and a painting of his father. - 1314 Andrew Carnegie Letter & Corresponding Lockheed Historical Context** CA.... In 1900, Berton Rodman was driving near Santa Barbara, California, when he saw a man stuck in the mud along the side of the road. When he stopped to assist, he saw that the man driving the moored vehicle was none other than Andrew Carnegie. Upon helping the car exit the mud, Carnegie gratefully offered Rodman the Carnegie Medal, awarded to those who have risked their lives in saving or attempting to save others. Rodman refused, despite Carnegie's insistence. Rodman and Carnegie went on to become friends, with Rodman working as his chauffeur for a brief time. Lot includes a 1910 letter (including autograph) from Andrew Carnegie to his colleague, Chas. L. Taylor, remarking on how much he enjoyed having Rodman as his chauffeur, "I found him in all respects perfect, never had a more delightful experience..." It was through Carnegie that Rodman met Chas. L. Taylor, who was then the President of the Carnegie New Fund Commission. The two men went into business together, and formed the Western Machine and Foundry Company in 1911, with Rodman as President, Taylor as Vice President. Lot includes two letters on Western Foundry letterhead, written by Rodman to Taylor. Lot also includes a 1952 newspaper article on Lockheed Aircraft Corporation's Management Club dinner which honored "Old-Timers" from the pre-World War Lockheed Company, with Bert Rodman highlighted and photographed in the piece. The paper goes on to state that Rodman was President of the Loughhead Aircraft Manufacturing Company (the predecessor to Lockheed). The company went out of business in 1920, however was revived in 1926 by Allen Lockheed and John K. Northrop, eventually becoming the behemoth known today as Lockheed Martin. To summarize, lot includes: 1910 letter with autograph from Andrew Carnegie; An envelope addressed to B. R. Rodman with Taylor as the sender; Two letters on Western Machine and Foundry Company letterhead, written by Bert Rodman to Chas. Taylor; Two photographs of a Victory Liberty Loan medallion with Bert Rodman's name engraved as the recipient; Two copies of a photograph placed on cardstock (one of the men may be Rodman, but difficult to determine); And a photograph of an early plane (perhaps a Lockheed model). Unique lot of rare items with a fascinating and undisputable historical context. Est. **\$300-600**

1315 Dean G. Witter 1961 Letter with News Bulletin from 1990 Stating they will stay in the World Trade Center California... 1961. Letter from Dean Witter to William W. Conrad typed on Witter's personal letterhead regarding a tour and hunting trip of northern India with Indian Shikar & Tours, a service which Conrad had recommended previously. Dean G. Witter (August 2, 1887 – May 25, 1969) was an American businessman, stockbroker, and investor. With his brother Guy Witter and cousin Jean Witter, Dean Witter co-founded Dean Witter & Company in 1924, which became the largest investment house on the West Coast. In its early years, Dean Witter focused on dealing in municipal and corporate bonds. The company was highly successful in its first five years, purchasing a seat on the San Francisco Stock Exchange in 1928 and then opening an office in New York and purchasing a seat on the New York Stock Exchange in 1929. Although a relatively young company, Dean Witter survived Wall Street Crash of 1929 and the Great Depression, posting profits every year during the 1930s and into the 1940s. Dean Witter would lead his company until his death in 1969. In 1978 Dean Witter and Reynolds Securities merged to form Dean Witter Reynolds Organization Inc. (DWRO) in what was then the largest securities industry merger in U.S. history. The resultant company, Dean Witter Reynolds, was the fifth largest broker in the U.S. One year later Dean Witter Reynolds became the first securities firm to have offices in all 50 U.S. states and Washington, D.C. After completion of the merger, Dean Witter Reynolds generated revenue of more than \$520 million.

- 1319 Letter from Thomas J. Watson to Willis K. Whitney Regarding George Eastman, 1931** Schenectady, NY.... January 12, 1931 Society of the Genesee, Inc., Letter to Mr. Whitney (an American chemist and founder of the research laboratory of the General Electric Company) detailing a Society of the Genesee event honoring George Eastman and his contributions to film and celebrating his patents. Hand signed typed letter from Thomas Watson as president of the society. Thomas John Watson Sr. (1874 – 1956) was an American businessman. He served as the chairman and CEO of International Business Machines (IBM). He oversaw the company's growth into an international force from 1914 to 1956. Watson developed IBM's management style and corporate culture from John Henry Patterson's training at NCR. He turned the company into a highly-effective selling organization, based largely on punched card tabulating machines. A leading self-made industrialist, he was one of the richest men of his time and was called the world's greatest salesman when he died in 1956. The letter refers to an award dinner given to George Eastman, who was frequently approached to receive awards and honors that would have focused public attention on him, but invariably Eastman "escaped" these offers. His typical reply was this response to the Society of the Genesee, whose membership included most of his long-time friends and business associates: "I deeply appreciate the honor, and deeply regret that it is wholly impossible for me to accept such an invitation. ... I should be embarrassed beyond measure on such an occasion and do not feel that I could go through the ordeal." In April 1930, after Tom Watson took over as president of the Genesee Society, the salesman went to work and succeeded in convincing Eastman to attend. He wanted this great industrialist to receive the public recognition of his peers that he so richly deserved. The press documents that Watson made a personal trip to Rochester and "prevailed upon him [Mr. Eastman] to accept the honor" from the "twelve-hundred-member society." In June, the Society announced George Eastman's acceptance. The organization celebrated Watson's "noteworthy achievement" in overcoming Mr. Eastman's "ever-increasing desire to retire from the public eye," because everyone wanted to say thank you for the employment he had created locally, nationally and internationally, and acknowledge the estimated \$80 to \$100 million he had donated to worthy projects in his city, state, country and world. 1324 French Ministry of War 1791 Discharge Certificate France.... 1791. Discharge Certificate issued to Antoine Lafond (31 years of age) by the French War Commissioner, allowing him to leave his calvary regiment, the Royal Dragons (Dragoons). At top center is illustrated the French royal crest, and to the left is a red wax seal that is difficult to read and has some damage. The permanent discharge was approved by the commander of the Royal Dragoons regiment, David Maurice Champouliès de Barrau de Muratel (1742-1827), who later went on to become a general in the French Royal Army during the Revolution. This document is fascinating because it was issued in February of 1791, when the turmoil of the French Revolution was well underway. As Lafond was a member of the Royal Dragoons, and this document was approved by the Lieutenant General of the King's armies, it is possible that this regiment saw, or went on to see, some action against revolutionary forces in this period. Very Rare and unique piece from Revolutionary-era France, enriched with military history.

CONDITIONS OF SALE

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
2. (a) Bids shall be made in the steps set forth in paragraph 12.
(b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20%* on the hammer price is payable by the buyer to the auctioneer (*See exceptions on next page for bids on internet).
3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.
(b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.
(c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.
(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.
(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale 8), shall be as follows:
(a) Floor Bidders. Payment of the purchase price, or such part thereof as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.
(b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
5. Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.
(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.
(c) A defaulting purchaser shall be deemed to have granted Archives International Auctions a security interest in property in Archives International Auctions possession owned by such purchaser. Archives International Auctions shall have all of the rights afforded a purchase money secured party under the New York or New Jersey Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Archives International Auctions to such purchaser. Archives International Auctions is authorized to file a Financing Statement in order to perfect its rights as a secured party.
(d) If Archives International Auctions takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Archives International Auctions to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Archives International Auctions with its attorneys with respect to all matters arising out of a delinquent account.
(e) Unless otherwise acceptable to Archives International Auctions, payment is to be made only in the form of cash, bank check or certified check, credit card (Visa or MasterCard only) or a bank wire transfer.

EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) On Premises Inspection only. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Archives International Auctions discretion.
(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.
(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Archives International Auctions within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Archives International Auctions within four weeks of the date of the auction; however, Archives International Auctions may, in its discretion, refuse acceptance of such returned lot. If an opinion of a generally recognized authority is desired, the period of time within which a lot must be received by Archives International Auctions will be extended in accordance with Condition of Sale 8. In the event that a dispute cannot be resolved by reference to a generally recognized authority, and Archives International Auctions thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned in-

The following lots are not returnable except at the discretion of Archives International Auctions: (i) lots from purchasers who attended the exhibition of the lots; (ii) lots examined by postal viewers; (iii) lots on account of their appearance, if they are illustrated in this Catalogue; or (iv) lots described as having repairs, defects or faults for any reason.

- (d) Authenticity. Any lot which is declared otherwise than genuine by a generally recognized authority is returnable, provided such lot is received by Archives International Auctions within four weeks of the date of the auction. Proof that a generally recognized authority declines to express an opinion is normally grounds for the return of a lot.
- (e) Expenses incurred a purchaser in the submission and the return of a lot under Conditions of Sale 7 are not subject to refund.

SALES TAX

8. Unless presentation of satisfactory proof that it is exempted by law, a purchaser shall pay to Archives International Auctions New Jersey or New York State and local sales taxes, or any compensating use taxes of any other State claiming jurisdiction. A purchaser shall indemnify Archives International Auctions and hold it harmless of and from any claims of any jurisdiction for sales taxes relating to the purchase of articles at the auction, whenever the same may arise.
