## KEY TO CATALOGING

### DEFINITIONS

**SPECIMEN:** An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

**COLOR TRIAL SPECIMENS:** Sometimes specimens would be printed in numerous color combinations not used on the final note for evaluation before a final printing. These are usually extremely rare.

**PROOF:** An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on india paper mounted on card or printed on some form of paper or light card. The amount of proofs printed is usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

**COLOR TRIAL PROOF:** A proof printed in a color other than the issued color.

**ESSAY SPECIMEN or PROOF:** A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay.

**PRODUCTION MATERIAL:** Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

**MODEL:** A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the "digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of different completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

Description Abbreviations I/C = Issued and Cancelled; I/U = Issued and Uncancelled; POC's = Punched out cancels

Louis XVI was the last king of France before the fall of the monarchy during the French Revolution. Also mentioned in the text is Joseph Micault d'Harvelay, who was a Royal Treasury Guard and State Councilor at the time of the document. Isaac Vanderbeek was active in the patriot militia during the Revolutionary War. In 1791 he was an elder of the Dutch Church in Hackensack and in 1805 president of the town's board of trustees. Both Isaac and Rachel Vanderbeek are likely the same individuals featured in a pair of portraits held at the Los Angeles County Museum of Art. ## NEW YORK

402

- 402 Haverstraw, New York, 1774 Promissory Note, Payable in "N.Y. Currency"** Haverstraw, New York, April, 1774. Handwritten document stating that George [last name obscured] "promised to pay unto Edward William Kiers" the sum of 5 Pounds, 7 Pence, and 3 Farthings in "N.Y. Currency", with a pair of signatures, including one by John Allison, and a single seal. Edward William Kiers served as captain of the Haverstraw Company in the Orange County, New York militia. He also testified, at the request of George Washington, at the court-martial of Joshua Hett Smith, an alleged co-conspirator of Benedict Arnold and John Andre. John Allison was a member of the Continental Army during the American Revolution, serving until 1783 when he was discharged by General George Washington. During the American Revolution, Haverstraw served as an important lookout for British activities on the Hudson due to its location along the river. The village was home to a number of skirmishes between the British Army and the Continental Army during the conflict. Then a part of Orange County, today Haverstraw is located in Rockland County. VG to Fine condition, faint handwriting, with staining and small holes at fold lines, still in great condition for its age. Interesting "G-R" watermark at center. A fascinating document from an important area during the Revolutionary War, which also mentions historical figures who were contemporaries of George Washington. .... Est. \$300-600

403

- 403 Handwritten 1777 (1788) Document Regarding Pay for Continental Service** New York, 1788. Handwritten document that follows (with corrected spelling): "November the 18 day, 1777. This day I left home with my wagon & horses to White Marsh in the Continental Service and continued in said service til the 11 Day of December. For this service I received a certificate and I delivered said certificate to Col: Wilm. Cass (possibly Carss) for which Mr. Cass paid me all except twenty dollars and promised to pay me the twenty dollars within a fortnight or three weeks the said twenty is yet due to me. Sworn before me, the 28 day of January, 1788"; includes a pair of names at bottom. On the back appears John Suffern's name in an estate payment. The village of Suffern was founded in 1796. John Suffern, first Rockland County judge, 1798-1806, settled near the base of the Ramapo Mountains in 1773, and called the place New Antrim, after his home in County Antrim, Northern Ireland. New Antrim's location was considered strategically important in the Revolutionary War because it was at an important crossroads near Ramapo Pass. General George Washington and other important military leaders used John Suffern's home as headquarters when they were in the area. The White Marsh mentioned in this piece may be related to the Battle of White Marsh (or Battle of Edge Hill), which was a battle of the Philadelphia campaign of the American Revolutionary War fought December 5-8, 1777, in the area surrounding Whitemarsh Township, Pennsylvania. The battle, which took the form of a series of skirmish actions, was the last major engagement of 1777 between British and American forces. (From the Suffern Family Archives). Est. \$230-375

Handwritten document starting that Jacob Hays promised to pay James L. Bogart "the just and full sum of sixty five pound[s] current lawful money of the state of New York" with signatures and a single seal at bottom. No further location details are provided. Jacob Hays, mentioned in the document, is possibly related to another Jacob Hays, who was a colonial American Jewish merchant that arrived from Holland in the 1720s, and was one of the early members of the Shearith Israel Congregation Synagogue in New York City. Fine to VF condition with some toning, still in good condition for its age. Est. \$160-280

Signed and witnessed by Thomas Mifflin, Governor of Pennsylvania, as well as surveyors Daniel Brodhead and John Moore. Thomas Mifflin (January 10, 1744 - January 20, 1800) was an American merchant, soldier, and politician from Philadelphia, Pennsylvania. He served in a variety of roles during and after the American Revolution, several of which qualify him to be counted among the Founding Fathers. He was the first Governor of Pennsylvania, serving from 1790 to 1799; he was also the last President of Pennsylvania, succeeding Benjamin Franklin and serving from 1788 until 1790. Lot of 2 pieces, Includes: A Discourse Preached in the Center Church, in New Haven, August 27, 1828, at the funeral of Jehudi Ashmun, Esq. Colonial Agent of the American Colony of Liberia by Leonard Bacon, 35 pages long with black text, and once was bound by string, printed by Hezekiah Howe in 1828, Fine-VF condition with some staining and damage to binding; and an 1861, Monrovia (Liberia), Treasury Department Second Exchange document, S/N 28, to William McLain, Financial Secretary of the American Colonization Society, for \$100, Black text on blue paper, VF to XF condition. Signed by Stephen A Benson, the Second President of Liberia and this document is issued in 1861, the year before the U.S. recognized Liberia as a country. Stephen Allen Benson served as the 2nd President of Liberia from 1856 to 1864. Prior to that, he served as the 3rd Vice President of Liberia from 1854 to 1856 under President Joseph Jenkins Roberts. Although born in the United States, Benson was the first president to have lived in Liberia since childhood, he and his family having arrived with the first groups of settlers in 1822. Jehudi Ashmun (April 21, 1794 - August 25, 1828) was an American religious leader and social reformer from New England who became involved in the American Colonization Society. It founded the colony of Liberia in West Africa as a place to resettle free people of color from the United States. Ashmun emigrated to Monrovia, Liberia in 1822, where he served as the United States government's agent (de facto governor) for two different terms. American Colonization Society (ACS), originally known as the Society for the Colonization of Free People of Color of America, was founded in 1816 by Robert Finley to encourage and support the migration of free African Americans to the continent of Africa. The African-American community and abolitionist movement overwhelmingly opposed the project. In most cases, African Americans' families had lived in the United States for generations, and their prevailing sentiment was that they were no more African than white Americans were European. Contrary to stated claims that emigration was voluntary, many African Americans, both free and enslaved, were pressured into emigrating. Indeed, enslavers sometimes manumitted their slaves on condition that the freedmen leave the country immediately. Fascinating pair of items related to a controversial society in American history. Scranton, Pennsylvania, October 18, 1860. Fascinating 2-page handwritten letter with rich political content. The author, Joseph J. The Wide Awakes were a youth organization and later a paramilitary organization cultivated by the Republican Party during the 1860 presidential election in the United States. **514 Message from the President of the United States Regarding Impressed American Seamen in Dartmoor Prison, 1816** Washington, D.C., 1816. Message from the President of the United States (James Madison), Transmitting a Report of the Secretary of State (James Monroe) of the Number of Impressed American Seamen confined in Dartmoor Prison, to be addressed to the House of Representatives on April 29th, 1816. Many pages long, split into three parts (A, B, and C) with comprehensive information such as the number surrendered, given up, or taken on board British vessels captured during the War of 1812, as well as their place of residence in the United States. Part A contains a list of incarcerated sailors that were transferred from British ships of war to Dartmoor and other prisons in Britain; B lists the names of those who were transferred to prisons in the West Indies and Nova Scotia; C contains the names of those who were discharged in England from British ships of war since peacetime. Also includes information regarding the date of release, vessel on which they returned to the United States, as well as the name of the Port and the date in which they arrived. Dartmoor Prison is an English prison located in Princetown, in the English county of Devon. Designed by Daniel Asher Alexander and constructed originally between 1806 and 1809 by local labor, to hold prisoners of the Napoleonic Wars, it was also used to hold American prisoners from the War of 1812. Although the war ended with the Treaty of Ghent in December 1814, many American prisoners of war still remained in Dartmoor. From the spring of 1813 until March 1815, about 6,500 American sailors were imprisoned at Dartmoor. These were either naval prisoners or impressed American seamen discharged from British vessels. Whilst the British were in overall charge of the prison, the prisoners created their own governance and culture. They had courts which meted out punishments, a market, a theatre and a gambling room. About 1,000 of the prisoners were Black. After the prisoners heard of the Treaty of Ghent, signed on 24 December 1814, they expected immediate release, but the British government refused to let them go on parole or take any steps until the treaty was ratified by the United States Senate on February 17th, 1815. It took several weeks afterwards for transportation arrangements to be made, and the last of the American prisoners left in 1816. Fascinating piece that provides a significant record of American seamen involved in the War of 1812. Fine-VF condition. .... Est. \$900-1800

Grant (April 27, 1822 - July 23, 1885) was an American military leader who served as the 18th president of the United States from 1869 to 1877. As president, Grant was an effective civil rights executive who created the Justice Department and worked with the Radical Republicans to protect African Americans during Reconstruction. As Commanding General, he led the Union Army to victory in the American Civil War in 1865 and thereafter briefly served as Secretary of War. At the time of his death, he was memorialized as a symbol of national unity. Grant was a modern general and "a skillful leader who had a natural grasp of tactics and strategy". Although critical of scandals and Grant's loyal defense of culprits, modern historians have emphasized his two-term presidential accomplishments. These included his protection of African American civil rights, prosecution of the Klan, innovative Native American policy, and the settlement of the Alabama claims. (From the Collection of John E. Red specimen overprints and POCs. VF condition, SCBN. Equity Funding Corporation of America was a Los Angeles-based U.S. financial conglomerate that marketed a package of mutual funds and life insurance to private individuals in the 1960s and 70s. It collapsed in scandal in 1973 after ex-employee Ronald Secrist and securities analyst Ray Dirks blew the whistle on massive accounting fraud, including a computer system dedicated exclusively to creating and maintaining fictitious insurance policies. Investigation found that from 1964 onward, as many as 100 company employees had engaged in organized deception of investors, auditors, reinsurers and regulatory authorities. The company created more than 60,000 bogus life insurance policies that it sold to reinsurance companies for a fee. In order to pay the premiums on the policies, Equity Funding created additional bogus policies that they would also sell. Sometimes they would claim the bogus policyholder died and then receive the death benefits from the reinsurance company. An important sidelight was the filing of insider trading charges against whistleblower Dirks. The ensuing case of Raymond L. Dirks v. Securities and Exchange Commission went all the way to the U.S. Supreme Court where Dirks was finally acquitted. The case has been termed historic in helping to define insider trading, as well as the treatment of whistleblowers, analysts and the press. .... Est. \$120-240

(IOS) was founded in 1955 by financier Bernard Cornfeld. The company was incorporated outside the United States with funds in Canada and headquartered in Geneva, Switzerland. In the 1960s, the company employed 25,000 people who sold 18 different mutual funds door-to-door all over Europe, operating mostly in Germany with small investors. The company mainly targeted American expatriates and U.S. servicemen who sought to avoid paying income tax. The mutual fund offerings by the company were called "people's capitalism" by founder Cornfeld. In the following decade, the company raised \$2.5 billion, due in part to its "Fund of Funds," which meant investment in shares of other IOS offerings. The offering was very popular in the bull market times, but then the market dropped and the guaranteed dividends had to be paid straight out of the capital—in effect, making it a pyramid scheme. IOS was forced into an Initial Public Offering to meet its costs. The next bear market made many investors cash their funds as stock value decreased. Share value decreased from \$18 to \$12 in the spring of 1970. Cornfeld formed an investment pool with some other investors, but they lost when the share value dropped to \$2. Even IOS employees and portfolio managers sold their shares by this time. Financier Robert Vesco who, at the time, was also in financial trouble, turned to Cornfeld and offered his help. Vesco proceeded to use \$500 million worth of IOS money to cover his own investments in his International Controls Corporation. When he was discovered, Vesco fled to Costa Rica. IOS then collapsed and in the process ruined a number of US and European banks. (John E. Herzog Collection)..... Est. \$70-120

Red specimen overprints, 00000 serial numbers, and POCs. Fine-VF condition, ABNC. The International Mercantile Marine Company, originally the International Navigation Company, was a trust formed in the early twentieth century as an attempt by J.P. Morgan to monopolize the shipping trade. IMM was founded by shipping magnates Clement Griscom of the American Line and Red Star Line, Bernard N. Baker of the Atlantic Transport Line, J. Bruce Ismay of the White Star Line, and John Ellerman of the Leyland Line. The Dominion Line was also amalgamated. The project was bankrolled by J.P. Morgan & Co., led by financier J. P. Morgan. The company also had working profit-sharing relationships with the German Hamburg-Amerika and the North German Lloyd lines. The trust caused great concern in the British shipping industry and led directly to the British government's subsidy of the Cunard Line's new ships RMS Lusitania and RMS Mauretania in an effort to compete. One of IMM's subsidiaries was the White Star Line, which owned the RMS Titanic. Analysis of financial records shows that IMM was overleveraged and suffered from inadequate cash flow that caused it to default on bond interest payments in late 1914. As a result, a "friendly" receivership was put in effect in 1915, which allowed IMM to reorganize its finances; it emerged from the receivership in 1916. This is a specimen example from that bond issue and is extremely rare and not known issued. .... Est. **\$325-650**

He became the fourth president of the Pennsylvania Railroad (1874-1880), which became the largest publicly traded corporation in the world and received much criticism for his conduct in the Great Railway Strike of 1877 and as a "robber baron." Scott helped negotiate the Republican Party's Compromise of 1877 with the Democratic Party; it settled the disputed presidential election of 1876 in favor of Rutherford B. ## CONDITIONS OF SALE

### THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

#### BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
2. (a) Bids shall be made in the steps set forth in paragraph 12.  
(b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20%\* on the hammer price is payable by the buyer to the auctioneer (\*See exceptions on next page for bids on internet).
3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.  
(b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.  
(c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.  
(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.  
(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

#### PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale 8), shall be as follows:  
(a) Floor Bidders. Payment of the purchase price, or such part thereof as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.  
(b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
5. Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.  
(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.  
(c) A defaulting purchaser shall be deemed to have granted Archives International Auctions a security interest in property in Archives International Auctions possession owned by such purchaser. Archives International Auctions shall have all of the rights afforded a purchase money secured party under the New York or New Jersey Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Archives International Auctions to such purchaser. Archives International Auctions is authorized to file a Financing Statement in order to perfect its rights as a secured party.  
(d) If Archives International Auctions takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Archives International Auctions to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Archives International Auctions with its attorneys with respect to all matters arising out of a delinquent account.  
(e) Unless otherwise acceptable to Archives International Auctions, payment is to be made only in the form of cash, bank check or certified check, credit card (Visa or MasterCard only) or a bank wire transfer.

#### EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) On Premises Inspection only. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Archives International Auctions discretion.  
(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.  
(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Archives International Auctions within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Archives International Auctions within four weeks of the date of the auction; however, Archives International Auctions may, in its discretion, refuse acceptance of such returned lot. If an opinion of a generally recognized authority is desired, the period of time within which a lot must be received by Archives International Auctions will be extended in accordance with Condition of Sale 8. In the event that a dispute cannot be resolved by reference to a generally recognized authority, and Archives International Auctions thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned in-
