KEY TO CATALOGING

DEFINITIONS

SPECIMEN: An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

COLOR TRIAL SPECIMENS: Sometimes specimens would be printed in numerous color combinations not used on the final note for evaluation before a final printing. These are usually extremely rare.

PROOF: An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on india paper mounted on card or printed on some form of paper or light card. The amount of proofs printed is usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

COLOR TRIAL PROOF: A proof printed in a color other than the issued color.

ESSAY SPECIMEN or PROOF: A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay.

PRODUCTION MATERIAL: Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

MODEL: A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the "digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of previously completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

Established in 1927 under German management, and with Kurt Lindenblatt as its governor, it was to be the vehicle for Germany's economic expansion into Persia. By World War II, Reza Shah's Iran and Hitler's Germany had developed close commercial ties. But this was a relationship that came to an abrupt end with the Allied invasion of Iran in 1941. Thereafter, the Bank came to be known by its Persian name – the Bank Melli-e Iran – which became the country's Central Bank until 1960 and continues as a commercial bank to this day. The first piece included is a "10" as used on the 10 Rials, AH1311, P-19, die # 69213; the second is a "50" as used on the 50 Rials, AH1311, P-21, die # 69386; third is a "500" as used on the 500 Rials, AH1311, P-23, die # 69366; and the fourth is a pair of different "1000"s as used on the 1000 Rials (different designs in the different corners), AH1313, P-30, die # 71431. Each of the numeral figures on the four pieces is enclosed in a unique and elaborate guilloche, with "National Bank of Persia" indicated. ABNC. - 364 Revolutionary War Connecticut, 1778 Promissory Note Signed by Fenn Wadsworth and Jedediah Huntington** Hartford, Connecticut, 1778. Handwritten promissory note to pay the Selectmen of Lebanon the sum of 7 Pounds, 5 Shillings and "charge the state," dated November 24th, 1778 in Hartford. Signed by Jedediah Huntington, Pay-Table members Fenn Wadsworth and John Chenward, and Connecticut Treasurer John Lawrence at bottom left. Promissory Notes like this were issued by the State of Connecticut to help to finance the Revolutionary War. The Pay-Table (also known as the Committee of Four) managed Connecticut's military finances during the ongoing conflict. John Lawrence (1719-1802) served as treasurer of the Connecticut colony, and later as the Connecticut State Treasurer from 1769 to 1789, spanning the crucial period of colonial rule, through the American revolution, and into the early years of the United States. During the Revolutionary War, Lawrence was commissioner of loans for the new nation. Fenn Wadsworth (1750/51-1785) was a brigade major to General James Wadsworth from 1776 to 1779. He fought in many battles during that time, but his failing health forced him to leave active service. He was involved in Connecticut's early governance, shown by his membership to the Committee of Four in this document. Jedediah (or Jedidiah) Huntington (4 August 1743 - 25 September 1818) was an American general in the Continental Army during the American Revolutionary War. After the war, he served in numerous civilian posts. Interesting piece of military history from the Revolutionary War. - 366 Revolutionary War Connecticut, 1779 Promissory Note Signed by Oliver Wolcott Jr. and John Lawrence** Hartford, Connecticut, 1779. Handwritten promissory note to pay 7 Pounds of lawful money and "charge the state," dated April 9th, 1779. Signed by Pay-Table members James Church and John Chenward with Oliver Wolcott Jr.'s distinctive signature across. Also signed by Connecticut Treasurer John Lawrence at bottom left. Promissory Notes like this were issued by the State of Connecticut to help finance the Revolutionary War. The Pay-Table (also known as the Committee of Four) managed Connecticut's military finances during the ongoing conflict. John Chenward (1733-1805) was a Captain in the army and his signature appears on many documents from this period. Oliver Wolcott Jr. (January 11, 1760 - June 1, 1833) was the second United States Secretary of the Treasury, a judge of the United States Circuit Court for the Second Circuit, and the 24th Governor of Connecticut. He was a member of the Pay-Table Committee for several years, and was a commissioner to settle claims of Connecticut against the United States from 1784 to 1788. In 1796, he was George and Martha Washington's intermediary in getting the Collector of Customs for Portsmouth, New Hampshire, Joseph Whipple, to capture and send an escaped slave, Oney (sometimes Ona) Judge, back to Mount Vernon. He was ultimately unsuccessful. When Wolcott died in 1833 in New York City, he was the last surviving cabinet member of the Washington administration. John Lawrence (1719-1802) served as treasurer of the Connecticut colony, and later as the Connecticut State Treasurer from 1769 to 1789, spanning the crucial period of colonial rule, through the American revolution, and into the early years of the United States. - 367 State of Connecticut, Pay-Table Office, 1781 Tax Pair Signed by Fenn Wadsworth and William Moseley** Hartford, Connecticut, 1781. 2 pieces, both are I/C tax receipts issued by the Pay-Table Office in Hartford. One receipt is issued for £6 and signed by William Moseley and Eleazer Wales; and the 20 Shillings receipt is signed by Fenn Wadsworth and William Moseley. Both are also signed by Pay-Table member Jedediah (or Jedidiah) Huntington over printed text. Black text with black handwriting on front and back. The Pay-Table (also known as the Committee of Four) managed Connecticut's military finances during the Revolutionary War. Financing the Revolution laid a heavy burden upon each colony, especially those which balked at levying taxes. In order to meet immediate needs, such as wages, the colonies relied upon wealthy revolutionists, foreign loans, and taxes and gifts from abroad. Issuing notes such as these was only a temporary solution. Jedediah Huntington (4 August 1743 - 25 September 1818), was an American general in the Continental Army during the American Revolutionary War. After the war, he served in numerous civilian posts. Fenn Wadsworth (1750/51-1785) was a brigade major to General James Wadsworth from 1776 to 1779. He fought in many battles during that time, but his failing health forced him to leave active service. Wadsworth stayed in Connecticut's government, as shown by his membership to the Pay-Table Committee. William Moseley (1755-1824) later would serve in the Connecticut state senate, while Eleazer Wales was another member of the Pay-Table. Ralph Pomeroy, who was to receive the payment, was a paymaster in the Continental Army. He remained involved in state politics, acting as State Controller after the war. I/C payment for 5 Pounds, 16 Shillings, and 7 Pence of lawful money, out of any "Funds appropriated for the Payment of interest on the liquidated Debt of the State of Connecticut," to be paid to Christopher Leffingwell. Black text with black border, cancelled at center, and signed by Ralph Pomeroy as Comptroller. During the Revolutionary War, Pomeroy was a paymaster in the Continental Army. He remained involved in state politics after the war, acting as State Controller, and was also engaged in mercantile and manufacturing activities in Hartford. Christopher Leffingwell (1734-1810) was a Norwich businessman and manufacturer, who in 1766 established the first paper mill in Connecticut. In 1770 he established a fulling mill, a gristmill, and a chocolate mill in partnership with his brother Elisha Leffingwell. During the Revolution Leffingwell served as a colonel in the Norwich light infantry brigade, and in 1784 he was appointed naval officer for the port of Norwich. Leffingwell's paper from his mill was used to create shell casings for bullets and chocolate from his mill was often rationed to soldiers. He was an outspoken patriot, an advisor to Governor Trumbull, and corresponded with George Washington. His family home, now on the National Register of Historic Places, was an important meeting point during the Revolutionary War. Fine-VF condition. Printed by Hudson and Goodwin..... Est. \$140-280

This utopian experiment in collective living was formed in 1887 and attracted several hundred adherents to land that the co-operative owned in the Port Angeles area. Members were progressive advocates of labor rights and were, oddly, anti-Chinese due to the Chinese participation in the local labor market. The Panic of 1893 killed both the lumber market and this colony which was finally officially dissolved in 1904. EPHEMERA - HISTORIC POLITICAL ITALY

439

- 439 Universal Republican Alliance, ND (ca.1850s), Subscription Certificate** Italy, ND (ca.1850s). Unissued Subscription Certificate for Joseph Mazzini's Universal Republican Alliance. Giuseppe (Joseph) Mazzini (22 June 1805 – 10 March 1872) was an Italian politician, journalist, and activist for the unification of Italy and spearhead of the Italian revolutionary movement. His efforts helped bring about the independent and unified Italy in place of the several separate states, many dominated by foreign powers, that existed until the 19th century. An Italian nationalist in the historical radical tradition and a proponent of social-democratic republicanism, Mazzini helped define the modern European movement for popular democracy in a republican state. Mazzini's thoughts had a very considerable influence on the Italian and European republican movements, in the Constitution of Italy, about Europeanism and more nuanced on many politicians of a later period, among them American president Woodrow Wilson and British prime minister David Lloyd George as well as post-colonial leaders such as Mahatma Gandhi, Veer Savarkar, Golda Meir, David Ben-Gurion, Kwame Nkrumah, Jawaharlal Nehru and Sun Yat-sen. - 440 New York & Harlem Rail Road Co., 1863 50 Shrs I/C Capital Stock Certificate ITASB F.W. Seward** New York & Harlem Rail Road Co., 1863 50 Shrs I/C Capital Stock Cert., 25 Cent Adhesive Part Perf "Certificate" stamp, Locomotive under bridge at top with sailor and worker at left with resting dog at bottom, Fine-VF with toning. Signed by F.W. Seward, son of United States Secretary of State William H. Seward, he served as Assistant Secretary from 1861 to 1869 under both Abraham Lincoln and Andrew Johnson and then from 1877 to 1879 in the administration of Rutherford B. Hayes. On February 21, 1861, Seward arrived at the Continental Hotel in Philadelphia carrying a letter from his father for President-elect Lincoln. The letter contained information gathered by Colonel Charles Pomeroy Stone and General Winfield Scott. Stone had stationed three detectives from the New York police department in Baltimore, Maryland to gather information about plots against Lincoln. Making his way by train from Illinois to Washington for his inauguration, Lincoln had intended to stop next at Baltimore, which was home to many secessionist sympathizers. According to information gathered by Stone's detectives, secessionists were planning to assassinate Lincoln during his stop in Baltimore. When his father was appointed Secretary of State in 1861, Seward became Assistant Secretary of State in charge of consular service under Lincoln and Andrew Johnson. He served in the position until 1869 and "assisted in the negotiations to the adoption of the Burlingame Treaty," which set the attitude towards China when the empire "accepted the principles of international law." On April 14, 1865, he was injured in an assassination attempt upon his father on the same night that Lincoln was murdered. Lewis Powell, also known as "Lewis Paine," an ex-Confederate co-conspirator of John Wilkes Booth attempted to kill William Seward while the Secretary of State was convalescing at home from a carriage accident. After Frederick blocked Powell from gaining access to William Seward's bedroom, Powell tried to shoot Frederick in the head. However, when the gun failed to fire, Powell quickly smashed the pistol over Frederick's head, causing several skull injuries. Frederick then collapsed and fell to the floor at the top of the stairs. Powell then burst into William Seward's room and stabbed him several times in the face and neck. Powell also injured a number of other bystanders, including Frederick's sister Fanny, his brother Augustus, his father's nurse Private George F. Robinson and messenger Emerick Hansell, but no one was killed. Seward's mother was sure that he was going to die; instead, she died on June 21, 1865 of a heart attack. His sister, Fanny, died soon afterward, in October 1866. Powell was hanged on July 7, 1865, along with David Herold, George Atzerodt, and Mary Surratt, who were also involved in the conspiracy. EPHEMERA - HISTORIC U.S. MILITARY DOCUMENT

441

- 441 New York State Militia Appointment Certificate Signed by Washington Hunt, 1851** New York, 1851. Certificate of appointment for First Lieutenant, Andrew J. M. Scott of Woodville, New York, to the 36th Regiment in the 16th Brigade in the 4th Division of the New York Militia. Black text on off-blue paper, New York State seal depicted at top center, Signed by Washington Hunt as New York State Governor at bottom right. Washington Hunt (August 5, 1811 - February 2, 1867) was an American lawyer and politician. He was First Judge of the Niagara County Court from 1836 to 1841, and was elected as a Whig to the 28th, 29th and 30th United States Congresses. He was elected New York State Comptroller by the State Legislature after the resignation of Millard Fillmore who had been elected U.S. Vice President. In November 1849, he was re-elected, but resigned the comptrollership after his election as Governor of New York the following year. He was Governor from 1851 to 1852, and was defeated for re-election by Horatio Seymour. After the break-up of the Whig Party, Hunt, despite his previous association with the Seward/Weed faction of the party, was among the more conservative Whigs who refused to join the Republicans. Hunt was the chairman of the 1856 Whig National Convention and supported his fellow New York Whig, former president Millard Fillmore for the presidency in that year. In his last years, Hunt moved increasingly closer to the Democrats, endorsing his two-time opponent, Horatio Seymour for the New York gubernatorial race in 1862 and supporting George McClellan for the presidency at the 1864 Democratic National Convention. On June 13, 1864, Hunt was at Niagara Falls to confer with Confederate Commissioner Jacob Thompson. He became a supporter of President Andrew Johnson after the war, and supported Johnson's abortive "National Union" movement, serving as a delegate at the National Union Convention of 1866, which sought to join Democrats and conservative Republicans into a new party to support Johnson. - 498 Savings and Charity Fund of Monsieur Lafarge, 1791 Issued Certificate France, 1791. Share or Bond Certificate for 90 Livres 1/10 to a woman in Paris in September of 1791. Black text with black border with a small medallion illustration at top center. The certificate has been filled out by hand, and includes several signatures on the front, including Lafarge's signature as General Director. Signatures are also on the back, with dates that likely correspond to dividend payments, near a faded administrative stamp. The Savings and Charity (also translated to Benevolent) Fund of Sir Lafarge functioned as a life annuity fund and savings bank, with the subsequent capital likely invested in national securities. When the French Revolution hit, the national finances of France collapsed, and the Fund passed out of existence, likely not long after this certificate was issued. Paris at the time would have been a tumultuous and dangerous place, with the Constitution of 1791 only having been passed earlier that very month. Significant events were still to follow, including the execution of Louis XVI and Marie Antoinette. Unique and fascinating glimpse into French Revolutionary and finance history, Very Rare. Hoshi Pharmaceutical Company (Hoshi Seiyaku) in the mid-1920s was the largest drug company in Japan. In terms of capitalization, it was more than four times larger than its nearest rival, Sankyo. Few Japanese citizens would not have heard of its signature product, Hoshi Ich yaku (a digestive medicine), and many at the time were taking it regularly, even daily. Its sales network was firmly established throughout Japan and across the colonial states of Korea and Taiwan. The digestive medicine was making inroads in Southeast Asia and even among the Japanese diaspora in Hawai'i and California. In 1925, its founder, Hoshi Hajime, was arrested for violation of narcotics laws. Hoshi was arrested again in 1932, this time on charges of bribing tax officials. The Industrial Bank of Japan, Limited (IBJ), based in Tokyo, Japan, was one of the largest banks in the world during the latter half of the 20th century. IBJ was founded as a public-sector bank under the Industrial Bank of Japan Act of 1902. At that time, Japan was in the throes of its industrial revolution, and there was a strong demand for long-term investment capital. IBJ raised funds by issuing bank debentures. IBJ also acted as the trustee in corporate debenture issues - notably, the major Japanese railway company issue of 1906 in London, amount to the then-enormous sum of 1 million pounds sterling. Rare high denomination, \$25,000,000 Specimen 5 1/4% Guaranteed (Subordinated) Debenture Bond. Incorporated in the Netherlands Antilles, printed by Franklin Lee Division of American Banknote Company. Equity Funding Corporation of America was a Los Angeles-based U.S. financial conglomerate that marketed a package of mutual funds and life insurance to private individuals in the 1960s and 70s. It collapsed in scandal in 1973 after ex-employee Ronald Secrist and securities analyst Ray Dirks blew the whistle on massive accounting fraud, including a computer system dedicated exclusively to creating and maintaining fictitious insurance policies. Investigation found that from 1964 onward, as many as 100 company employees had engaged in organized deception of investors, auditors, reinsurers and regulatory authorities. The company created more than 60,000 bogus life insurance policies that it sold to reinsurance companies for a fee. In order to pay the premiums on the policies, Equity Funding created additional bogus policies that they would also sell. Sometimes they would claim the bogus policyholder died and then receive the death benefits from the reinsurance company. Est. \$200-400

Wallace Corydon Andrews was born in Vienna, Ohio 17 June 1833. He was one of the original directors of the Standard Oil Company, and in 1879 became President of the New York Steam Company. The steam heating industry was still in its infancy, and the challenges of introducing the system to a city as large as New York seemed almost insurmountable. Yet Wallace C. Andrews decided to take on that challenge. He acquired franchise and license rights to deploy the Holly system, and incorporated the Steam Heating and Power Company of New York in 1879. Andrews acquired a competing firm that was formed in 1880, the New York Steam Company, and the two companies consolidated in 1881 under the latter name. The company built by Wallace Andrews was to go on to even greater success during the 20th century, but he was not to see it. During the night of April 7, 1899, Andrews and much of his family perished in a house fire. His brother-in-law, G.C. St. John, who was out of town when the tragic fire occurred, was made president of the company and guided it for more than a decade during a prolonged legal battle over Andrews' will. Est. \$80-160

CONDITIONS OF SALE

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
2. (a) Bids shall be made in the steps set forth in paragraph 12.
(b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20%* on the hammer price is payable by the buyer to the auctioneer (*See exceptions on next page for bids on internet).
3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.
(b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.
(c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.
(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.
(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale 8), shall be as follows:
(a) Floor Bidders. Payment of the purchase price, or such part thereof as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.
(b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
5. Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.
(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.
(c) A defaulting purchaser shall be deemed to have granted Archives International Auctions a security interest in property in Archives International Auctions possession owned by such purchaser. Archives International Auctions shall have all of the rights afforded a purchase money secured party under the New York or New Jersey Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Archives International Auctions to such purchaser. Archives International Auctions is authorized to file a Financing Statement in order to perfect its rights as a secured party.
(d) If Archives International Auctions takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Archives International Auctions to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Archives International Auctions with its attorneys with respect to all matters arising out of a delinquent account.
(e) Unless otherwise acceptable to Archives International Auctions, payment is to be made only in the form of cash, bank check or certified check, credit card (Visa or MasterCard only) or a bank wire transfer.

EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) On Premises Inspection only. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Archives International Auctions discretion.
(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.
(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Archives International Auctions within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Archives International Auctions within four weeks of the date of the auction; however, Archives International Auctions may, in its discretion, refuse acceptance of such returned lot. If an opinion of a generally recognized authority is desired, the period of time within which a lot must be received by Archives International Auctions will be extended in accordance with Condition of Sale 8. In the event that a dispute cannot be resolved by reference to a generally recognized authority, and Archives International Auctions thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned in-

The following lots are not returnable except at the discretion of Archives International Auctions: (i) lots from purchasers who attended the exhibition of the lots; (ii) lots examined by postal viewers; (iii) lots on account of their appearance, if they are illustrated in this Catalogue; or (iv) lots described as having repairs, defects or faults for any reason.

- (d) Authenticity. Any lot which is declared otherwise than genuine by a generally recognized authority is returnable, provided such lot is received by Archives International Auctions within four weeks of the date of the auction. Proof that a generally recognized authority declines to express an opinion is normally grounds for the return of a lot.
- (e) Expenses incurred a purchaser in the submission and the return of a lot under Conditions of Sale 7 are not subject to refund.

SALES TAX

8. Unless presentation of satisfactory proof that it is exempted by law, a purchaser shall pay to Archives International Auctions New Jersey or New York State and local sales taxes, or any compensating use taxes of any other State claiming jurisdiction. A purchaser shall indemnify Archives International Auctions and hold it harmless of and from any claims of any jurisdiction for sales taxes relating to the purchase of articles at the auction, whenever the same may arise.
