## KEY TO CATALOGING

### DEFINITIONS

**SPECIMEN:** An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

**COLOR TRIAL SPECIMENS:** Sometimes specimens would be printed in numerous color combinations not used on the final note for evaluation before a final printing. These are usually extremely rare.

**PROOF:** An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on India paper mounted on card or printed on some form of paper or light card. The amount of proofs printed is usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

**COLOR TRIAL PROOF:** A proof printed in a color other than the issued color.

**ESSAY SPECIMEN or PROOF:** A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay.

**PRODUCTION MATERIAL:** Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

**MODEL:** A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the "digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of different completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

## IRAN & UNITED KINGDOM

- 360 Iran, Anglo Iranian Oil Co. Ltd., (Renamed British Petroleum in 1954) ND (ca.1935-54) Issued Scrip Note. Iran and United Kingdom. Anglo Iranian Oil Co. Ltd., ND (ca.1935-54) Issued Scrip Note, 25 Dinars, P-Unlisted, Black printing on light turquoise paper, blank back, PMG graded Choice About Unc. 58. The Anglo-Iranian Oil Company (formerly the Anglo-Persian Oil Company and currently BP) had been drilling for oil in Iran since 1913. In 1908, a British venture capitalist discovered oil in southern Iran. Throughout the early 20th century, the ruling Pahlavi government made various concessions with the British that gave the UK control over certain elements in the Iranian economy. In 1951, Iran began the nationalization of their oil industry. On 26 May 1951, the UK took Iran to the ICJ, demanding that the 1933 agreement be upheld and that Iran pay damages and compensation for disrupting the UK-incorporated company's profits. Iran ignored the ruling. Despite the outcome of the case, the British government was determined to both reclaim control of Iran's oil fields and signal to other countries that nationalization efforts would lead to retaliation. Along with the United States government, it began an oil boycott against Iran as a means of cutting off petroleum profits and weakening the Iranian government. The value of the rial fell by 45%. Following this, the UK's intelligence service, MI6 requested assistance from the United States' newly-formed Central Intelligence Agency (CIA) to overthrow Mosaddeq. What followed was a series of disruptions and eventually Mosaddeq was overthrown in a coup in August 1953 with Mohammad Reza Shah returning to Iran. Rare and historic oil industry fiscal document. .... Est. \$500-1000

DOCUMENTS  
CONNECTICUT

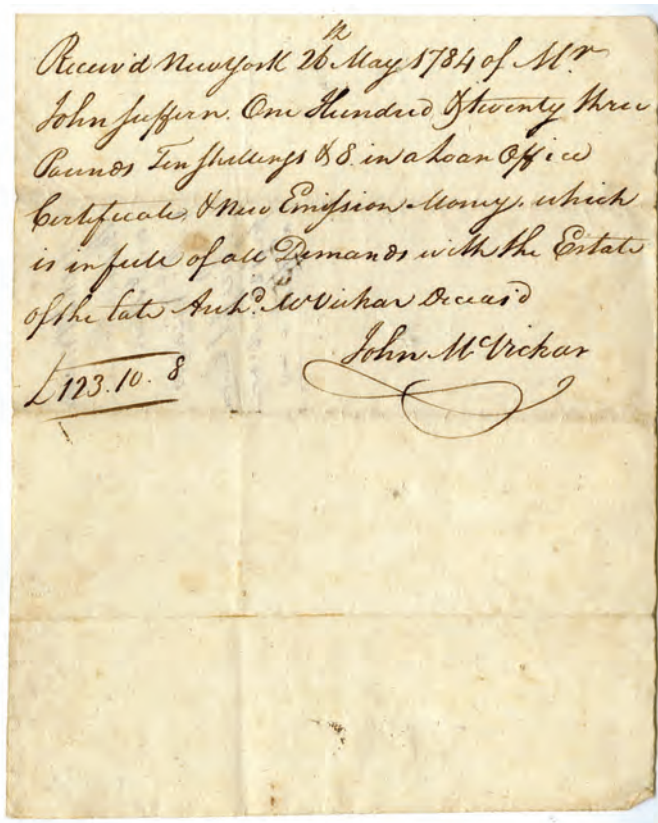

- 476 State of Connecticut, Pay-Table Office, Pay Warrant,, 1780, £1000, Signed by Fenn Wadsworth, James Church, John Lawrence and Possibly a Spanish Arms Dealer, George Merrelas. Connecticut, March 4, 1780. 1/ C, £1000, Holographic Warrant, Issued to George Merrelas (could possibly be Juan de Miralles a Spanish arms dealer who became friends with George Washington. He supported the American cause financially, and served as a liaison between the colonists and the Spanish Crown) for £1000 by the Pay-Table of Connecticut, Handwritten slip signed by Fenn Wadsworth, James Church, and John Lawrence. The Pay-Table (also known as the Committee of Four) managed Connecticut's military finances during the Revolutionary War. Financing the Revolution laid a heavy burden upon each colony, especially those which balked at levying taxes. In order to meet immediate needs, such as wages, the colonies relied upon wealthy revolutionists, foreign loans, and taxes and gifts from abroad. Issuing notes such as these was only a temporary solution. Fenn Wadsworth (1750/51-1785) was a brigade major to General James Wadsworth from 1776 to 1779. He fought in many battles during that time, but his failing health forced him to leave active service. Wadsworth stayed in Connecticut's government, as shown by his membership to the Pay-Table Committee. John Church was a member of the Pay-Table Committee. John Laurance (sometimes spelled "Lawrence" or "Laurence") (1750 – November 11, 1810) was a delegate to the 6th, 7th, and 8th Congresses of the Confederation, a United States representative and United States Senator from New York and a United States district judge of the United States District Court for the District of New York. Laurance briefly served as President pro tempore of the United States Senate in December 1798. VF-XF condition. This is one of the largest denominations offered by us from this collection..... Est. \$325-650

- 477 State of Connecticut, 1782 Pay-Table Office, Lot of 2 Tax Warrants "Payable in Lawful Silver Money" Signed by Oliver Wolcott and William Moseley Connecticut, 1782. Lot of 2 Tax Warrants Issued by the Pay-Table Office in Hartford, both are dated February 18th: 6 Pounds Signed by Oliver Wolcott Jr., Fenn Wadsworth, and Jedediah Huntington; 5 Pounds Signed by William Moseley and Oliver Wolcott Jr. Both are signed by Ralph Pomeroy on back. Black text with black handwriting. The Pay-Table (also known as the Committee of Four) managed Connecticut's military finances during the Revolutionary War. In order to meet immediate needs, such as wages, the colonies relied upon wealthy revolutionists, foreign loans, and taxes and gifts from abroad. Issuing notes such as these was only a temporary solution. Oliver Wolcott Jr. (January 11, 1760 - June 1, 1833) was the second United States Secretary of the Treasury, a judge of the United States Circuit Court for the Second Circuit, and the 24th Governor of Connecticut. He was a member of the Pay-Table Committee for several years, and was a commissioner to settle claims of Connecticut against the United States from 1784 to 1788. In 1796, he was George and Martha Washington's intermediary in getting the Collector of Customs for Portsmouth, New Hampshire, Joseph Whipple, to capture and send an escaped slave, Oney (sometimes Ona) Judge, back to Mount Vernon. He was ultimately unsuccessful. When Wolcott died in 1833 in New York City, he was the last surviving cabinet member of the Washington administration. Fenn Wadsworth (1750/51-1785) was a brigade major to General James Wadsworth from 1776 to 1779. He fought in many battles during that time, but his failing health forced him to leave active service. Jedediah Huntington (4 August 1743 - 25 September 1818), was an American general in the Continental Army during the American Revolutionary War. After the war, he served in numerous civilian posts. William Moseley (1755-1824) later would serve in the Connecticut state senate. He was also the Director of the Hartford National Bank from 1797 to 1815. Ralph Pomeroy (1737- 1819) was a paymaster in the Continental Army. He remained involved in state politics, acting as State Controller after the war. Fine-VF condition. Attractive group of signatures. (2)..... Est. \$150-250

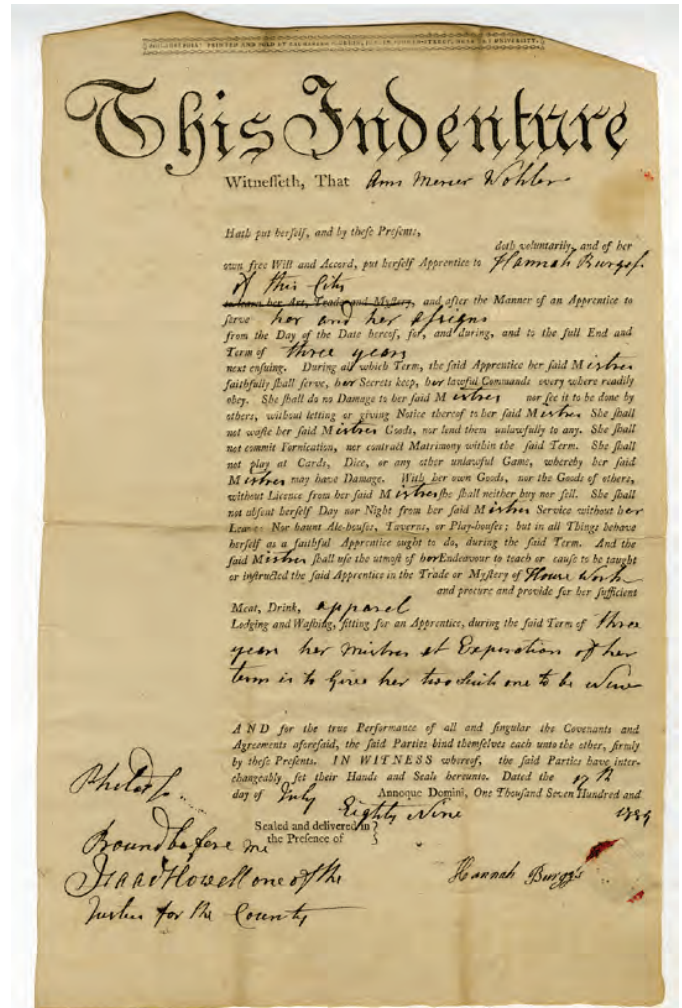

## NEW YORK

478

- 478 Colonial New York, 1784, Handwritten Receipt Mentioning John Suffern and New Emission Money** New York, 1784. Handwritten Payment Receipt Issued to John M. Vickar (or Vickers, spelling varies from front to back), received of John Suffern, the sum of 173 Pounds, 10 Shillings, and 8 Pence "in a Loan Office Certificate & New Emission Money, which is in full of all Demands with the Estate of the late Arch. M. Vickar Deceas'd." Signed by John M. Vickar's signature at center right. Fine-VF condition with some toning and few ink stains, still in great condition for its age. The village of Suffern was founded in 1796. John Suffern, first Rockland County judge, 1798-1806, settled near the base of the Ramapo Mountains in 1773, and called the place New Antrim, after his home in County Antrim, Northern Ireland. New Antrim's location was considered strategically important in the Revolutionary War because it was at an important crossroads near Ramapo Pass. General George Washington and other important military leaders used John Suffern's home as headquarters when they were in the area. The White Marsh mentioned in this piece may be related to the Battle of White Marsh (or Battle of Edge Hill), which was a battle of the Philadelphia campaign of the American Revolutionary War fought December 5-8, 1777, in the area surrounding Whitemarsh Township, Pennsylvania. The battle, which took the form of a series of skirmish actions, was the last major engagement of 1777 between British and American forces. .... Est. \$140-280

Duquesne Brewing Co. was in an active brewing city. Los Angeles, CA was listed as having 35 breweries, which is quite a few. Red specimen overprints, 00000 serial numbers, and POCs. Fine-VF condition, ABNC. The International Mercantile Marine Company, originally the International Navigation Company, was a trust formed in the early twentieth century as an attempt by J.P. Morgan to monopolize the shipping trade. IMM was founded by shipping magnates Clement Griscom of the American Line and Red Star Line, Bernard N. Baker of the Atlantic Transport Line, J. Bruce Ismay of the White Star Line, and John Ellerman of the Leyland Line. The Dominion Line was also amalgamated. The project was bankrolled by J.P. Morgan & Co., led by financier J. P. Morgan. The company also had working profit-sharing relationships with the German Hamburg-America and the North German Lloyd lines. The trust caused great concern in the British shipping industry and led directly to the British government's subsidy of the Cunard Line's new ships RMS Lusitania and RMS Mauretania in an effort to compete. One of IMM's subsidiaries was the White Star Line, which owned the RMS Titanic. Analysis of financial records shows that IMM was overleveraged and suffered from inadequate cash flow that caused it to default on bond interest payments in late 1914. As a result, a "friendly" receivership was put in effect in 1915, which allowed IMM to reorganize its finances; it emerged from the receivership in 1916. This is a specimen example from that bond issue and is extremely rare and not known issued. .... Est. \$130-260

## CONDITIONS OF SALE

### THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

#### BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
2. (a) Bids shall be made in the steps set forth in paragraph 12.  
(b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20%\* on the hammer price is payable by the buyer to the auctioneer (\*See exceptions on next page for bids on internet).
3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.  
(b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.  
(c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.  
(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.  
(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

#### PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale 8), shall be as follows:  
(a) Floor Bidders. Payment of the purchase price, or such part thereof as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.  
(b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
5. Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.  
(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.  
(c) A defaulting purchaser shall be deemed to have granted Archives International Auctions a security interest in property in Archives International Auctions possession owned by such purchaser. Archives International Auctions shall have all of the rights afforded a purchase money secured party under the New York or New Jersey Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Archives International Auctions to such purchaser. Archives International Auctions is authorized to file a Financing Statement in order to perfect its rights as a secured party.  
(d) If Archives International Auctions takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Archives International Auctions to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Archives International Auctions with its attorneys with respect to all matters arising out of a delinquent account.  
(e) Unless otherwise acceptable to Archives International Auctions, payment is to be made only in the form of cash, bank check or certified check, credit card (Visa or MasterCard only) or a bank wire transfer.

#### EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) On Premises Inspection only. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Archives International Auctions discretion.  
(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.  
(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Archives International Auctions within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Archives International Auctions within four weeks of the date of the auction; however, Archives International Auctions may, in its discretion, refuse acceptance of such returned lot. If an opinion of a generally recognized authority is desired, the period of time within which a lot must be received by Archives International Auctions will be extended in accordance with Condition of Sale 8. In the event that a dispute cannot be resolved by reference to a generally recognized authority, and Archives International Auctions thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned in-

- (d) Authenticity. Any lot which is declared otherwise than genuine by a generally recognized authority is returnable, provided such lot is received by Archives International Auctions within four weeks of the date of the auction. - (e) Expenses incurred a purchaser in the submission and the return of a lot under Conditions of Sale 7 are not subject to refund.

#### SALES TAX

8. Unless presentation of satisfactory proof that it is exempted by law, a purchaser shall pay to Archives International Auctions New Jersey or New York State and local sales taxes, or any compensating use taxes of any other State claiming jurisdiction. A purchaser shall indemnify Archives International Auctions and hold it harmless of and from any claims of any jurisdiction for sales taxes relating to the purchase of articles at the auction, whenever the same may arise.
