## KEY TO CATALOGING

### DEFINITIONS

**SPECIMEN:** An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

**COLOR TRIAL SPECIMENS:** Sometimes specimens would be printed in numerous color combinations not used on the final note for evaluation before a final printing. These are usually extremely rare.

**PROOF:** An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on india paper mounted on card or printed on some form of paper or light card. The amount of proofs printed is usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

**COLOR TRIAL PROOF:** A proof printed in a color other than the issued color.

**ESSAY SPECIMEN or PROOF:** A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay.

**PRODUCTION MATERIAL:** Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

**MODEL:** A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the "digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of different completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

Description Abbreviations I/C = Issued and Cancelled; I/U = Issued and Uncancelled; POC's = Punched out cancels

Hartford, Connecticut, 1781. Lot of 2 Promissory Notes both issued to Ralph Pomeroy issued by the Pay-Table Office in Hartford. One receipt is issued for £8 and the other is for 25 Shillings. Both are signed by Eliazar Wales and William Moseley, and also signed by Pay-Table member Jedediah (or Jedidiah) Huntington over printed text. Black text with black handwriting on front and back. The Pay-Table (also known as the Committee of Four) managed Connecticut's military finances during the Revolutionary War. Financing the Revolution laid a heavy burden upon each colony, especially those which balked at levying taxes. In order to meet immediate needs, such as wages, the colonies relied upon wealthy revolutionists, foreign loans, and taxes and gifts from abroad. Issuing notes such as these was only a temporary solution. William Moseley (1755-1824) later would serve in the Connecticut state senate, while Eleazer Wales was another member of the Pay-Table. Ralph Pomeroy, who was to receive the payment, was a paymaster in the Continental Army. He remained involved in state politics, acting as State Controller after the war. Robert Emmet's older brother, Thomas Addis Emmet emigrated to the United States shortly after Robert's execution. He eventually served as the New York State Attorney General. His descendants (who included the prominent American portrait painters Lydia Field Emmet, Rosina Emmet Sherwood, Ellen Emmet Rand, and Jane Emmet de Glehn) helped advance his standing among the Irish diaspora. - 275 New York & Harlem Rail Road Co., 1863, 50 Shrs I/C Stock Certificate ITASB F.W. Seward** New York & Harlem Rail Road Co., 1863 50 Shrs I/C Capital Stock Cert., 25 Cent Adhesive Part Perf "Certificate" stamp, Locomotive under bridge at top with sailor and worker at left with resting dog at bottom, Fine-VF with toning. Signed by F.W. Seward, son of United States Secretary of State William H. Seward, he served as Assistant Secretary from 1861 to 1869 under both Abraham Lincoln and Andrew Johnson and then from 1877 to 1879 in the administration of Rutherford B. Hayes. On February 21, 1861, Seward arrived at the Continental Hotel in Philadelphia carrying a letter from his father for President-elect Lincoln. The letter contained information gathered by Colonel Charles Pomeroy Stone and General Winfield Scott. Stone had stationed three detectives from the New York police department in Baltimore, Maryland to gather information about plots against Lincoln. Making his way by train from Illinois to Washington for his inauguration, Lincoln had intended to stop next at Baltimore, which was home to many secessionist sympathizers. According to information gathered by Stone's detectives, secessionists were planning to assassinate Lincoln during his stop in Baltimore. When his father was appointed Secretary of State in 1861, Seward became Assistant Secretary of State in charge of consular service under Lincoln and Andrew Johnson. He served in the position until 1869 and "assisted in the negotiations to the adoption of the Burlingame Treaty," which set the attitude towards China when the empire "accepted the principles of international law." On April 14, 1865, he was injured in an assassination attempt upon his father on the same night that Lincoln was murdered. Lewis Powell, also known as "Lewis Paine," an ex-Confederate co-conspirator of John Wilkes Booth attempted to kill William Seward while the Secretary of State was convalescing at home from a carriage accident. After Frederick blocked Powell from gaining access to William Seward's bedroom, Powell tried to shoot Frederick in the head. However, when the gun failed to fire, Powell quickly smashed the pistol over Frederick's head, causing several skull injuries. Frederick then collapsed and fell to the floor at the top of the stairs. Powell then burst into William Seward's room and stabbed him several times in the face and neck. Powell also injured a number of other bystanders, including Frederick's sister Fanny, his brother Augustus, his father's nurse Private George F. Robinson and messenger Emerick Hansell, but no one was killed. Seward's mother was sure that he was going to die; instead, she died on June 21, 1865 of a heart attack. His sister, Fanny, died soon afterward, in October 1866. Powell was hanged on July 7, 1865, along with David Herold, George Atzerodt, and Mary Surratt, who were also involved in the conspiracy. ## CONDITIONS OF SALE

### THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

#### BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
2. (a) Bids shall be made in the steps set forth in paragraph 12.  
(b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20%\* on the hammer price is payable by the buyer to the auctioneer (\*See exceptions on next page for bids on internet).
3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.  
(b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.  
(c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.  
(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.  
(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

#### PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale 8), shall be as follows:  
(a) Floor Bidders. Payment of the purchase price, or such part thereof as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.  
(b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
5. Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.  
(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions.
