## KEY TO CATALOGING

### DEFINITIONS

**SPECIMEN:** An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

**COLOR TRIAL SPECIMENS:** Sometimes specimens would be printed in numerous color combinations not used on the final note for evaluation before a final printing. These are usually extremely rare.

**PROOF:** An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on india paper mounted on card or printed on some form of paper or light card. The amount of proofs printed is usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

**COLOR TRIAL PROOF:** A proof printed in a color other than the issued color.

**ESSAY SPECIMEN or PROOF:** A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay.

**PRODUCTION MATERIAL:** Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

**MODEL:** A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the "digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of different completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

Description Abbreviations I/C = Issued and Cancelled; I/U = Issued and Uncanceled; POC's = Punched out cancels

264 Province of the Massachusetts Bay, 1757, Harrison Gray Treasurer Tax Warrant Province of the Massachusetts Bay, 2nd November, 1757. Issued Tax Warrant Issued and Signed by Harrison Gray, the Treasurer & Receiver General for "His Majesty's Said Province," of the Massachusetts Bay. The sum of money to be received was 150 Pounds, 13 Shillings, and 11 Pence, collected by Gray on behalf of King George II of Great Britain. Black text with seal at top left corner, Large black imperial seal at top center, Signed by Harrison Gray at bottom right corner. Water staining, toning, and damage in 4 small areas and at the vertical fold, with archival repairs and reinforcement of folds. Fragile condition. Harrison Gray (1711-1794) was a wealthy merchant, as well as Treasurer and Receiver-General for the Province of Massachusetts Bay, a position that he held from 1753 until the beginning of the Revolution. Although more of a political moderate, in 1774, Gray was forced to choose between patriotism and loyalty over the Massachusetts Government Act (which suspended the Provincial Charter). Gray chose to recognize the right of the King and Parliament to suspend, at will, the rights and liberties of Massachusetts Bay. In 1775, Gray published his loyalist views in a pamphlet titled The Two Congresses Cut Up. Ultimately, Gray's property was confiscated and he was forced to flee Boston in 1776 where he spent the rest of his life in London, England. He was named in the Massachusetts Banishment Act of 1778. The document is also signed by Benjamin Washburn, who was a housewright in Bridgewater, and was apparently called Benjamin Washburn "2d" after his cousin died in 1740. Benjamin Washburn was probably dead by 1760. No deed, death or probate records were found for him in Plymouth County. Interesting piece of colonial American history. .... Est. \$600-900

VERMONT

- 310 F. Evans, Sutler, 11th Regiment Vermont Volunteers, 10 cents Cardboard Sutler Scrip or Chit. ND (ca.1861-1864) Vermont, Sutler, Good For 10 Cents, "Pay All in Goods", Black printing on light yellow paper printed on thin card. Fine condition with a vertical partial fold that has broken the yellow paper on the face and back, but the card is still intact. The 11th Vermont Infantry Regiment was a three-years infantry regiment in the Union Army during the American Civil War. It served in eastern theater, from September 1862 to August 1865. It served in the XXII Corps in the defenses of Washington D.C., and with the Vermont Brigade in VI Corps. The regiment was mustered into United States service on September 1, 1862, at Brattleboro, Vermont. On December 10, 1862, its designation changed to the 1st Vermont Heavy Artillery. Evidently this item must have been issued between September 1, 1862 and December 10th, 1862 since the Vermont 11th's name was changed to the 1st Vermont Artillery on December 10th, 1862. On the first day of September, 1862, the 11th Regiment Vermont Volunteers was mustered into the United States service at Brattleboro, Vt., with about one thousand men and officers. The regiment was commanded by Col. James M. Warner, late Brigadier Gen. U. S. Vols. It immediately went to Washington, D. C, and was stationed in the northern defenses of Washington, where it remained for about twenty months. Extremely rare Sutler chit ..... Est. \$500-800

**333 American Grand Prize, Grand Prix Auto Race, 1910 Real Photo Postcard of Winner David Bruce-Brown** Georgia. 1910, Real Photo Postcard, 5.5 inches x 3.5 inches, The 1910 American Grand Prize was a Grand Prix auto race held on closed public roads outside Savannah, Georgia on November 12, 1910. It was the second edition of the Automobile Club of America's American Grand Prize. The race was won by American, David Bruce-Brown, who was driving a Benz. After a successful race in 1908, the Automobile Club of America made plans with the rival American Automobile Association to hold the Grand Prize and Vanderbilt Cup together on the Long Island Motor Parkway in 1909. However, only the Vanderbilt race was held, and the Grand Prize pushed back to 1910. After the 1910 Vanderbilt Cup, in Long Island, saw the deaths of 2 riding mechanics and several serious spectator injuries, the Grand Prize Grand Prix was almost canceled. A shorter 17-mile (27 km) course was laid out, but due to the short notice, many European teams were not able to make the trip; only 6 European cars entered the event, down from 14 two years ago. Ralph DePalma, Bruce-Brown, and Hémery took over the first three positions, within two minutes of each other. On the penultimate lap, De Palma cracked a cylinder in the last of the Fiats. At the finish, Hémery crossed the line first due to the staggered start, and as in 1908 was forced to wait for the next car to cross the line. In the end, Bruce-Brown finished just 1.42 seconds faster than Hémery. Historic and extremely rare real photo postcard showing handsome David Bruce-Brown ("Beas") at the left with his onboard mechanic. Written on the negative (and appearing as white writing on the postcard) is "Winner Grand Prize Auto Race 1910". Bruce-Brown was born on August 13, 1887, the son of George Bruce-Brown and Arabella Loney. He attended the Allen-Stephenson School in New York City, and then the Harstrom School in Norwalk, Connecticut, a prep school for Yale. Having bluffed his way into auto racing at the age of 18, Bruce-Brown turned out to be a natural talent behind the wheel and won the 1908 Daytona Speed Trials. He then went on to win the American Grand Prize in both 1910 and 1911, as well as numerous other races. He also participated in the 1911 and 1912 editions of the Indianapolis 500. Bruce-Brown was killed during practice, along with his mechanic Tony Scudeleri, for the 1912 American Grand Prize and 8th running of the Vanderbilt Cup races, which were held in Wauwatosa, Wisconsin, near Milwaukee at the age of 25. The back of the postcard has a handwritten note with a Hartford, CT. address, but was never mailed, hence the excellent condition of the card which has sharp corners, no bends or fold and appears in mint condition. Extremely rare real photo postcard of this historic race, which, though not the first major race in the U.S., it was probably the largest. .... Est. **\$450-900**

## CONDITIONS OF SALE

### THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

#### BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
2. (a) Bids shall be made in the steps set forth in paragraph 12.  
(b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20%\* on the hammer price is payable by the buyer to the auctioneer (\*See exceptions on next page for bids on internet).
3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.  
(b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.  
(c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.  
(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.  
(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

#### PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale 8), shall be as follows:
  - (a) Floor Bidders. Payment of the purchase price, or such part thereof as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.
  - (b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
5. Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.  
(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.  
(c) A defaulting purchaser shall be deemed to have granted Archives International Auctions a security interest in property in Archives International Auctions possession owned by such purchaser. Archives International Auctions shall have all of the rights afforded a purchase money secured party under the New York or New Jersey Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Archives International Auctions to such purchaser. Archives International Auctions is authorized to file a Financing Statement in order to perfect its rights as a secured party.  
(d) If Archives International Auctions takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Archives International Auctions to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Archives International Auctions with its attorneys with respect to all matters arising out of a delinquent account.  
(e) Unless otherwise acceptable to Archives International Auctions, payment is to be made only in the form of cash, bank check or certified check, credit card (Visa or MasterCard only) or a bank wire transfer.

#### EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) On Premises Inspection only. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Archives International Auctions discretion.  
(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.  
(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Archives International Auctions within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Archives International Auctions within four weeks of the date of the auction; however, Archives International Auctions may, in its discretion, refuse acceptance of such returned lot. If an opinion of a generally recognized authority is desired, the period of time within which a lot must be received by Archives International Auctions will be extended in accordance with Condition of Sale 8.
